City of Nevada City – Sales Tax Update

During the 2006 November election, voters in the City of Nevada City approved a one-half percent retail transactions and use tax. The sales tax rate increased to 7.875% beginning April 1, 2007. It is estimated that the tax will generate \$450,000 annually in additional revenue for the City, and it will be used to implement a 16 year Street Improvement Program. The new transactions and use tax will be charged on all tangible personal property that is delivered or placed into use with the City of Nevada City limits.

If you are a Seller or Purchaser, and need information about this new tax, contact the California State Board of Equalization, Local Revenue Allocation unit (916) 324-3000.
