As you're planting your garden and mowing the lawn, be sure to check the plants and brush along your sidewalk. Property owners are responsible for keeping the sidewalks adjacent to their property clear of leaves, snow, overhanging branches, etc.

Property owners are also responsible for repair of the sidewalks adjacent to their property. If your sidewalk is in disrepair, you may be eligible to receive assistance from the City in replacing the damaged sidewalk. The City has a **Sidewalk Cost-Sharing**

Program to assist property owners in the repair of displaced and damaged sidewalks. The program provides reimbursement up to 50% of improvement costs and is designed to be customer-friendly. Applicants will follow a three-step process to participate.

Step 1: Complete and submit a one-page application.

Step 2: City Engineer and/or Public Works staff will review the sidewalk repair location and confirm eligibility.

Step 3: Applicant will obtain three written quotes and secure approval from the City Engineer based on the lowest responsible bid. Following completion of the project, the applicant will submit documentation for reimbursement.

To learn more about the program and determine eligibility requirements, please visit the City's website (www.nevadacityca.gov) or call City Engineer Bryan McAlister at (530) 265-2496, ext. 126.
