MESSAGE FROM THE CHIEF

Police officers are frequently required to make decisions affecting human life and liberty in difficult situations where there is no opportunity to seek advice and little time for reflection. This requires an officer to have the stamina, intelligence, moral courage and emotional stability necessary to fairly and impartially deal with human beings in many complicated and potentially explosive situations. This Department strives to ensure each officer possesses these necessary qualities and then provides ongoing training to reinforce and refine them.

Professionalism begins with guidelines that state what is required to do the right thing. This Manual sets forth the policies, rules and regulations necessary to provide those guidelines. Our Motto "Yesterday, Today & Tomorrow Protecting Our Heritage, Safety, and Future" states the essential purpose of this Department. Our Heritage reminds each officer of his duty to apply the law in a sincere spirit of fairness and equity as set forth by the Bill of Rights. Safety focuses our officers on their primary responsibility. Future charges our officers to maintain their integrity, honesty, loyalty and dedication so we will remain effective in discharging our responsibilities.

Crime is a symptom of ills within society which are not the responsibility of the Department to cure. Although society employs fulltime professional police to prevent crime, and when that fails, to apprehend those who violate the law, the primary responsibility for upholding the law lies with the people, not the police. The Department cannot be aware of each circumstance in the City where police action or assistance may be required. We are dependent upon members of the community for such information. Therefore, the Department and the community must work together. The thanks and appreciation from all of us at this Department goes to our citizens for working with us in a spirit of willing cooperation to achieve our common goal.

I commend and thank the officers and staff of this Department for their tireless efforts in enhancing public safety and reducing the fear and the incidence of crime. It is an honor to have the privilege of enforcing the law in Nevada City and I will lead this department in striving toward continuous improvement in all aspects of our work.

Chad Ellis
Chief of Police
Nevada City, California
LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.
NEVADA CITY POLICE DEPARTMENT MISSION STATEMENT

Chapter 1 - Law Enforcement Role and Authority
Law Enforcement Authority

100.1 PURPOSE AND SCOPE
The purpose of this policy is to affirm the authority of the members of the Nevada City Police Department to perform their functions based on established legal authority.

100.2 POLICY
It is the policy of the Nevada City Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

100.3 PEACE OFFICER POWERS
Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.3.1 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE NEVADA CITY POLICE DEPARTMENT
The arrest authority within the jurisdiction of the Nevada City Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person has committed a felony, whether or not committed in the presence of the officer.

(b) When the officer has probable cause to believe the person has committed a misdemeanor in this jurisdiction and in the presence of the officer.

(c) When the officer has probable cause to believe the person has committed a public offense outside this jurisdiction, in the presence of the officer and the officer reasonably believes there is an immediate danger to person or property, or of escape.

(d) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized or required by statute even though the offense has not been committed in the presence of the officer such as certain domestic violence offenses.

(e) In compliance with an arrest warrant.

100.3.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE NEVADA CITY POLICE DEPARTMENT
The arrest authority outside the jurisdiction of the Nevada City Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person committed a felony.
Law Enforcement Authority

(b) When the officer has probable cause to believe the person has committed a misdemeanor in the presence of the officer and the officer reasonably believes there is immediate danger to person or property or of escape.

(c) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the officer such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.

(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.

(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed with the City or while assisting another agency.

On-duty officers who discover criminal activity outside the jurisdiction of the City should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

100.3.3 DELIVERY TO NEAREST MAGISTRATE
When an officer makes an arrest pursuant to a warrant with bail set, and the warrant was issued in a county other than where the person was arrested, the officer shall inform the person in writing of the right to be taken before a magistrate in the county where the arrest occurred (Penal Code § 821; Penal Code § 822).

100.3.4 TIME OF MISDEMEANOR ARRESTS
Officers shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

(a) The arrest is made without a warrant pursuant to Penal Code § 836 which includes:
   1. A misdemeanor committed in the presence of the officer.
   2. Misdemeanor domestic violence offenses (See the Domestic Violence Policy).

(b) The arrest is made in a public place.

(c) The arrest is made with the person in custody pursuant to another lawful arrest.

(d) The arrest is made pursuant to a warrant which, for good cause shown, directs that it may be served at any time of the day or night.

100.3.5 OREGON AUTHORITY
Sworn members of this department who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles from the California-Oregon border (ORS 133.405). Such authority shall only apply when officers are acting:

(a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.
Law Enforcement Authority

(b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life, and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

(c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents or other similar public safety situations, regardless of whether an Oregon law enforcement official is present at the scene of the incident.

Nevada City Police Department officers have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, officers should seek permission from a department supervisor before entering Oregon to provide law enforcement services. As soon as practicable, officers exercising law enforcement authority in Oregon shall submit any appropriate written reports concerning the incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

100.4 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

100.5 CONSTITUTIONAL REQUIREMENTS
All members shall observe and comply with every person’s clearly established rights under the United States and California Constitutions.

The California Commission on Peace Officer Standards and Training (POST) has mandated that all sworn officers and dispatchers employed within the State of California shall receive certification by POST within prescribed time periods.

101.1.1 CHIEF EXECUTIVE OFFICER REQUIREMENTS
Any chief executive officer of this department appointed after January 1, 1999, shall, as a condition of continued employment, complete the course of training prescribed by POST and obtain the Basic Certificate by POST within two years of appointment (Penal Code § 832.4).
Oath of Office

102.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that oaths, when appropriate, are administered to department members.

102.2 POLICY
It is the policy of the Nevada City Police Department that, when appropriate, department members affirm the oath of their office as an expression of commitment to the constitutional rights of those served by the Department and the dedication of its members to their duties.

102.3 OATH OF OFFICE
All department members, when appropriate, shall take and subscribe to the oaths or affirmations applicable to their positions. All sworn members shall be required to affirm the oath of office expressing commitment and intent to respect constitutional rights in discharging the duties of a law enforcement officer (Cal. Const. Art. 20, § 3; Government Code § 3102). The oath shall be as follows:

“I, (employee name), do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.”

102.4 MAINTENANCE OF RECORDS
The oath of office shall be filed as prescribed by law (Government Code § 3105).
Policy Manual

103.1 PURPOSE AND SCOPE
The manual of the Nevada City Police Department is hereby established and shall be referred to
as the Policy Manual or the manual. The manual is a statement of the current policies, rules and
guidelines of this department. All members are to conform to the provisions of this manual.

All prior and existing manuals, orders and regulations that are in conflict with this manual are
rescinded, except to the extent that portions of existing manuals, procedures, orders and other
regulations that have not been included herein shall remain in effect, provided that they do not
conflict with the provisions of this manual.

103.2 POLICY
Except where otherwise expressly stated, the provisions of this manual shall be considered
as guidelines. It is recognized that the work of law enforcement is not always predictable and
circumstances may arise which warrant departure from these guidelines. It is the intent of this
manual to be viewed from an objective standard, taking into consideration the sound discretion
entrusted to members of this department under the circumstances reasonably available at the
time of any incident.

103.2.1 DISCLAIMER
The provisions contained in the Policy Manual are not intended to create an employment contract
nor any employment rights or entitlements. The policies contained within this manual are for the
internal use of the Nevada City Police Department and shall not be construed to create a higher
standard or duty of care for civil or criminal liability against the City, its officials or members.
Violations of any provision of any policy contained within this manual shall only form the basis
for department administrative action, training or discipline. The Nevada City Police Department
reserves the right to revise any policy content, in whole or in part.

103.3 AUTHORITY
The Chief of Police shall be considered the ultimate authority for the content and adoption of
the provisions of this manual and shall ensure compliance with all applicable federal, state and
local laws. The Chief of Police or the authorized designee is authorized to issue Departmental
Directives, which shall modify those provisions of the manual to which they pertain. Departmental

202.1 PURPOSE AND SCOPE
The City has prepared an Emergency Management Plan for use by all employees in the event of a major disaster or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event that the plan is activated (Government Code § 8610).

202.3 LOCATION OF THE PLAN
The Emergency Management Plan is available in Administration and the Watch Commander's office. All supervisors should familiarize themselves with the Emergency Management Plan. The Administration supervisor should ensure that department personnel are familiar with the roles police personnel will play when the plan is implemented.

202.4 UPDATING OF MANUALS
The Chief of Police or designee shall review the Emergency Management Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) and should appropriately address any needed revisions.
Training Policy

203.1 PURPOSE AND SCOPE
It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

203.2 PHILOSOPHY
The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training (POST).

203.3 OBJECTIVES
The objectives of the Training Program are to:

(a) Enhance the level of law enforcement service to the public
(b) Increase the technical expertise and overall effectiveness of our personnel
(c) Provide for continued professional development of department personnel

203.4 TRAINING NEEDS ASSESSMENT

Upon approval by the Chief, the needs assessment will form the basis for the training plan for the fiscal year. The needs assessment will be an active document and may be changed at any time due to staffing needs and concerns, fiscal concerns, assignment changes, promotions and other unforeseen circumstances.

203.5 TRAINING PROCEDURES

(a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:
1. Court appearances
2. First choice vacation
3. Sick leave
4. Physical limitations preventing the employee’s participation.

2. Document his/her absence in an email to his/her supervisor.

3. Make arrangements through his/her supervisor to attend the required training on an alternate date.
Electronic Mail

204.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

204.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users...

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

License to Carry a Firearm

206.1 PURPOSE AND SCOPE
The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). This policy will provide a written process for the application and issuance of such licenses. Pursuant to Penal Code § 26160, this policy shall be made accessible to the public.

206.1.1 APPLICATION OF POLICY
Nothing in this policy shall preclude the Chief or other head of a municipal police department from entering into an agreement with the Sheriff of the county or preclude the Sheriff of the county from entering into an agreement with the Chief of any municipal police department to process all applications and license renewals for the carrying of concealed weapons (Penal Code § 26150; Penal Code § 26155).

206.2 POLICY
The Nevada City Police Department will fairly and impartially consider all applications to carry firearms in accordance with applicable law and this policy.

206.3 QUALIFIED APPLICANTS

(e) Be of good moral character (Penal Code § 26150; Penal Code § 26155).
(f) Show good cause for the issuance of the license (Penal Code § 26150; Penal Code § 26155).

(j) Complete required training (Penal Code § 26165).
206.4 APPLICATION PROCESS
The application process for a license to carry a firearm shall consist of two phases. Upon the successful completion of each phase, the applicant will advance to the next phase until the process is completed and the license is either issued or denied.

206.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)

(a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).

1. In the event of any discrepancies in the application or background investigation, the applicant may be required to undergo a polygraph examination, at no cost to the applicant.

2. If an incomplete application package is received, the Chief of Police or authorized designee may do any of the following:
   (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
   (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Nevada City for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

1. Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.

2. Full payment of the remainder of the application fee will be required upon issuance of a license.

3. Payment of related fees may be waived if the applicant is a duly appointed reserve peace officer as defined in Penal Code § 830.6 (a) or (b) (Penal Code § 26170).

(c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A second set of fingerprints may be required for retention in department files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for department use. No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be
issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

206.4.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant’s statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.

2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

(b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).

(c) The applicant shall complete a course of training approved by the department, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).
License to Carry a Firearm

(d) The applicant shall submit any firearm to be considered for a license to the Rangemaster or other department authorized gunsmith, at no cost to the applicant, for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).

(e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another department-approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

206.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM

The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police department may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

(a) The applicant physically spends a substantial period of working hours in the applicant’s principal place of employment or business within the City of Nevada City (Penal Code § 26150).

(b) Such a license will be valid for a period not to exceed 90 days from the date of issuance (Penal Code § 26220).

(c) The applicant shall provide a copy of the license to the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

(d) Any application for renewal or reissuance of such a license may be granted only upon concurrence of the original issuing authority and the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

206.6 ISSUED FIREARMS PERMITS

In the event a license to carry a firearm is issued by the Chief of Police, the following shall apply:
(a) The license will be subject to any and all reasonable restrictions or conditions the Chief of Police has deemed warranted, including restrictions as to the time, place, manner and circumstances under which the person may carry the firearm.

1. All such restrictions or conditions shall be conspicuously noted on any license issued (Penal Code § 26200).

2. The licensee will be required to sign a Restrictions and Conditions Agreement. Any violation of any of the restrictions and conditions may result in the immediate revocation of the license.

(b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.

1. Each license shall be numbered and clearly identify the licensee.

2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.

(c) The license will be valid for a period not to exceed two years from the date of issuance (Penal Code § 26220).

1. A license issued to a state or federal magistrate, commissioner or judge will be valid for a period not to exceed three years.

2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except that such license shall be invalid upon the individual’s conclusion of service as a reserve officer.

(d) If the licensee’s place of residence was the basis for issuance of a license and the licensee moves out of the county of issuance, the license shall expire 90 days after the licensee has moved (Penal Code § 26210).

(e) The licensee shall notify this department in writing within 10 days of any change of place of residency.

206.6.1 LICENSE RESTRICTIONS

(a) The Chief of Police may place special restrictions limiting time, place, manner and circumstances under which any license shall be valid. In general, these restrictions will prohibit the licensee from:

1. Consuming any alcoholic beverage while armed.

2. Falsely representing him/herself as a peace officer.

3. Unjustified or unreasonable displaying of a firearm.

5. Being under the influence of any medication or drug while armed.
6. Interfering with any law enforcement officer's duties.
7. Refusing to display his/her license or firearm for inspection upon demand of any peace officer.
8. Loading the permitted firearm with illegal ammunition.

(b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.
(c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

206.6.2 AMENDMENTS TO LICENSES
Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the Department in order to (Penal Code § 26215):

(a) Add or delete authority to carry a firearm listed on the license.
(b) Change restrictions or conditions previously placed on the license.
(c) Change the address or other personal information of the licensee (Penal Code § 26210).

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

206.6.3 REVOCATION OF LICENSES
Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

(a) The licensee has violated any of the restrictions or conditions placed upon the license.
(b) The licensee becomes psychologically unsuitable to carry a firearm.
(c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103 or any state or federal law.
(d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.
(e) If the license is one to carry “loaded and exposed,” the license shall be revoked immediately upon a change of the licensee’s place of residence to another county (Penal Code § 26210).
The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

206.6.4 LICENSE RENEWAL
No later than 90 days prior to the expiration of any valid license to carry a firearm, the licensee may apply to the Chief of Police for a renewal by:

(a) Verifying all information submitted in the original application under penalty of perjury.

(c) Submitting any firearm to be considered for a license renewal to the Rangemaster for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).
(d) Paying a non-refundable renewal application fee.

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.
2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
   (a) The retiree’s CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

207.8 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably
appears necessary in a particular situation, with limited information and in circumstances that are
tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter,
officers are entrusted to use well-reasoned discretion in determining the appropriate use of force
in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it
would be impractical or ineffective to use any of the tools, weapons, or methods provided by the
Department. Officers may find it more effective or reasonable to improvise their response to rapidly
unfolding conditions that they are confronting. In such circumstances, the use of any improvised
device or method must nonetheless be objectively reasonable and utilized only to the degree that
reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury,
nothing in this policy requires an officer to retreat or be exposed to possible physical injury before
applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape,
or to overcome resistance. A peace officer who makes or attempts to make an arrest need not
retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part
of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to
self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome
resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal
Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable
force, a number of factors should be taken into consideration, as time and circumstances permit.
These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code
    § 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the officer
    at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level
    of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The conduct of the involved officer (Penal Code § 835a).
(e) The effects of drugs or alcohol.
(f) The individual’s apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with officer commands
    (Penal Code § 835a).
Use of Force

(h) Proximity of weapons or dangerous improvised devices.
(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
(k) Seriousness of the suspected offense or reason for contact with the individual.
(l) Training and experience of the officer.
(m) Potential for injury to officers, suspects, and others.
(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(o) The risk and reasonably foreseeable consequences of escape.
(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(r) Prior contacts with the subject or awareness of any propensity for violence.
(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the officer.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.
(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Nevada City Police Department for this specific purpose.
Use of Force

300.4 DEADLY FORCE APPLICATIONS
If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.
300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a CED or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Section policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
Use of Force

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY
When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1   WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8   TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9   USE OF FORCE ANALYSIS
At least annually, the Field Operations Lieutenant should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.
(b) Training needs recommendations.
(c) Equipment needs recommendations.
(d) Policy revision recommendations.
Use of Force Review Boards

301.1 PURPOSE AND SCOPE
This policy establishes a process for the Nevada City Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY
The Nevada City Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee’s actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Lieutenant will convene the Use of Force Review Board as necessary. It will be the responsibility of the Lieutenant or supervisor of the involved employee to notify the Administration Lieutenant of any incidents requiring board review. The involved employee’s Lieutenant or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD
The Administration Lieutenant should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member’s chain of command
**Use of Force Review Boards**

- Training Manager
- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board’s review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer’s decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department’s disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee’s actions were within department policy and procedure.

(b) The employee’s actions were in violation of department policy and procedure.
Use of Force Review Boards

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee’s actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police’s final findings will be forwarded to the involved employee’s Lieutenant for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

302.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY
The Nevada City Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS
Only members who have successfully completed Nevada City Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

302.3.3 RESTRANINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

302.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or
distorting that person’s vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.
(b) Supervisor notification and approval of restraint use.
(c) The types of restraint used.
(d) The amount of time the person was restrained.
(e) How the person was transported and the position of the person during transport.
(f) Observations of the person’s behavior and any signs of physiological problems.
(g) Any known or suspected drug use or other medical problems.

302.9 TRAINING
Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
(b) Response to complaints of pain by restrained persons.
(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

303.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Nevada City Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.
303.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.
(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.9.3 SAFETY PROCEDURES
40 mm launchers specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

When it is not deployed, the 40 mm launcher will be unloaded and properly and securely stored in the supervisors vehicle. When deploying the kinetic energy projectile launcher, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition, gas rounds, breaching rounds or any other type of non kinetic energy projectile is not being loaded into the launcher.

303.10 TRAINING FOR CONTROL DEVICES
The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.
303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

304.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of CEDs.

304.2 POLICY
The Conducted Energy Device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS
Only members who have successfully completed department-approved training may be issued and carry the CED.

CEDs are issued for use during a member’s current assignment. Those leaving a particular assignment may be required to return the device to the department’s inventory.

Officers shall only use the CED and cartridges that have been issued by the Department. Uniformed officers who have been issued the CED shall wear the device in an approved holster on their person. Non-uniformed officers may secure the CED in the driver’s compartment of their vehicle.

Members carrying the CED should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the CED in a weak-side holster on the side opposite the duty weapon.

(a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the CED.

(c) Officers shall be responsible for ensuring that their issued CED is properly maintained and in good working order.

(d) Officers should not hold both a firearm and the CED at the same time.

304.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the CED may be deployed.
If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the CED. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED
The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE CED
The CED may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the CED in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The CED shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the CED probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED
Officers should apply the CED for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the CED against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the CED appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the CED, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one CED at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all CED discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked “Biohazard” if the probes penetrated the subject’s skin.
304.5.6 DANGEROUS ANIMALS
The CED may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION
Officers shall document all CED discharges in the related arrest/crime report and the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

304.6.1 CED FORM
Items that shall be included in the CED report form are:

(a) The type and brand of CED and cartridge and cartridge serial number.
(b) Date, time and location of the incident.
(c) Whether any display, laser or arc deterred a subject and gained compliance.
(d) The number of CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(e) The range at which the CED was used.
(f) The type of mode used (probe or drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any officers sustained any injuries.

The Training Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of data downloads and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.
304.6.2 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing CEDs
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove CED probes from a person’s body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED.

304.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.
Conducted Energy Device

A supervisor should review each incident where a person has been exposed to an activation of the CED. The device’s onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

304.9 TRAINING
Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignment for a period of six months or more shall be recertified by a department-approved CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer’s knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for CEDs will be documented in the officer’s training file.

Command staff, supervisors and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the CED and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the CED.
Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY
The policy of the Nevada City Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Nevada City Police Department would control the investigation if the suspect’s crime occurred in Nevada City.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.
305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved NCPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved NCPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
   1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any NCPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional NCPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved NCPD officer should be given an administrative order not to discuss the incident with other involved officers or NCPD members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 WATCH COMMANDER RESPONSIBILITIES
Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Lieutenant.

All outside inquiries about the incident shall be directed to the Watch Commander.

305.5.4 NOTIFICATIONS
The following person(s) shall be notified as soon as practicable if applicable:

- Chief of Police
- INVEST supervisor
- Officer-Involved Shooting rollout team
- Outside agency investigator (if appropriate)
- Admin Lieutenant
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer’s agency representative (if requested)
- Operations Lieutenant

305.5.5 INVOLVED OFFICERS
The following shall be considered for the involved officer:
(a) Any request for legal or union representation will be accommodated.

1. Involved NCPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-NCPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved NCPD officer. A licensed psychotherapist may also be provided to any other affected NCPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.
2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved NCPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

### 305.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:
(a) NCPD supervisors and Admin Lieutenant personnel should not participate directly in any voluntary interview of NCPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer’s statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED NCPD OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved NCPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved NCPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved NCPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
1. When feasible, a recorded statement should be obtained from those persons
who claim not to have witnessed the incident but who were present at the time
it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal
interview should not be detained absent reasonable suspicion to detain or
probable cause to arrest. Without detaining the individual for the sole purpose
of identification, officers should attempt to identify the witness prior to his/her
departure.

   (b) Witnesses who are willing to provide a formal interview should be asked to meet at a
suitable location where criminal investigators may obtain a recorded statement. Such
witnesses, if willing, may be transported by a member of the Department.

   1. A written, verbal or recorded statement of consent should be obtained prior to
transporting a witness. When the witness is a minor, consent should be obtained
from the parent or guardian, if available, prior to transportation.

   (c) Promptly contacting the suspect’s known family and associates to obtain any available
and untainted background information about the suspect’s activities and state of mind
prior to the incident.

305.6.2 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the
designated Investigation Unit supervisor to assign appropriate investigative personnel to handle
the investigation of related crimes. Department investigators will be assigned to work with
investigators from the District Attorney's Office and may be assigned to separately handle the
investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded
to the designated Investigation Unit supervisor for approval. Privileged reports shall be maintained
exclusively by members who are authorized such access. Administrative reports will be forwarded
to the appropriate Lieutenant.

305.7 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death,
this department will conduct an internal administrative investigation of NCPD officers to determine
conformance with department policy. The investigation will be conducted under the supervision
of the Admin Lieutenant and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the
Personnel Complaints Policy).

   (a) Any officer involved in a shooting or death may be requested or administratively
compelled to provide a blood sample for alcohol/drug screening. Absent consent from
the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Admin Lieutenant shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
305.8 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

305.10 DEBRIEFING
Following an officer-involved shooting or death, the Nevada City Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administration Lieutenant is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Admin Lieutenant personnel.
**305.10.2  TACTICAL DEBRIEFING**
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

**305.11  MEDIA RELATIONS**
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, INVEST Lieutenant and Operations Lieutenant in the event of inquiries from the media.

The Department shall not subject any involved NCPD officer to visits by the media (Government Code § 3303(e)). No involved NCPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Lieutenant. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

**305.12  REPORTING**
If the death of an individual occurs in the Nevada City Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Field Operations Lieutenant will ensure that the Records Manager is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

(h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

306.3.6 AUTHORIZED OFF-DUTY FIREARMS
The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to
carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.

Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member’s firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms shall carry department issued and approved duty ammunition in accordance with the above.

306.4 EQUIPMENT
Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.
306.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

306.4.2 HOLSTERS
Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.4.4 OPTICS OR LASER SIGHTS
Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 SAFE HANDLING, INSPECTION AND STORAGE
Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.
(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
(c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
Firearms

(d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.

(e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member’s primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE
Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

306.5.2 STORAGE AT HOME
Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

306.5.3 STORAGE IN VEHICLES
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).
Firearms

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

306.5.4 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

306.6 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to successfully complete training at minimum semi-annually and preferably quarterly with their duty firearms. In addition to department firearms training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:
    1. Unauthorized range make-up
    2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as
circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Lieutenant or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

306.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.
The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

306.9 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Nevada City Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Nevada City Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Nevada City Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Nevada City Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Vehicle Pursuits

307.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer’s signal to stop.

307.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

307.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.
Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).

(d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing officers familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.

307.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In
the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) There are hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Pursuit is terminated by a supervisor.

307.2.3  SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.3  PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
Vehicle Pursuits

307.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

307.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officers in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

307.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

307.3.4 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

307.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspects.

(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

307.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.
Vehicle Pursuits

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

307.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

307.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

307.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
Vehicle Pursuits

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing NCPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

307.4.1 WATCH COMMANDER RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Lieutenant.

307.5 COMMUNICATIONS
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Dispatch will:

(a) Coordinate pursuit communications of the involved units and personnel.

(b) Notify and coordinate with other involved or affected agencies as practicable.

(c) Ensure that a field supervisor is notified of the pursuit.

(d) Assign an incident number and log all pursuit activities.

(e) Broadcast pursuit updates as well as other pertinent information as necessary.

(f) Notify the Watch Commander as soon as practicable.

307.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.
307.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Nevada City Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

307.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing officers
As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

307.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

307.7.2 DEFINITIONS

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.
Vehicle Pursuits

Roadblocks - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

Spikes or tack strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

307.7.3 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.7.4 INTERVENTION STANDARDS
Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
4. The target vehicle is stopped or traveling at a low speed.
5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for
situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.
307.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:
(a) The primary officer should complete appropriate crime/arrest reports.
(b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
(c) After first obtaining the available information, a field supervisor shall promptly complete a Supervisor's Log, briefly summarizing the pursuit, and submit it to his/her manager. This log should minimally contain the following information:
   1. Date and time of pursuit
   2. Length of pursuit
   3. Involved units and officers
   4. Initial reason for pursuit
   5. Starting and termination points
   6. Disposition (arrest, citation), including arrestee information if applicable
   7. Injuries and/or property damage
   8. Medical treatment
   9. Name of supervisor at scene
   10. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

307.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

307.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.
Vehicle Pursuits

307.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Officer Response to Calls

308.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

308.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Dispatch. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, Dispatch shall be notified and the Watch
Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

308.5 RESPONSIBILITIES OF RESPONDING OFFICERS
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer’s judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3.

The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance

(b) Immediately notify the Watch Commander

(c) Confirm the location from which the unit is responding

(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)

(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated

(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

308.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated

(b) No more than those units reasonably necessary under the circumstances are involved in the response

(c) Affected outside jurisdictions are being notified as practical
Officer Response to Calls

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Canines

309.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY
It is the policy of the Nevada City Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Field Operations Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Commander.

309.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Field Operations Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
309.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.

(b) Whether violence or weapons were used or are anticipated.

(c) The degree of resistance or threatened resistance, if any, the suspect has shown.

(d) The suspect’s known or perceived age.

(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
Canines

(f) Any potential danger to the public and/or other officers at the scene if the canine is released.

(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.
Canines

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

309.6 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.6.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.6.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags, and other articles.

(b) Assisting in the search for narcotics during a search warrant service.

(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.
309.6.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.

(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).

(c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.7 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.

(b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).

(c) A garage that can be secured and can accommodate a canine vehicle.

(d) Living within 30 minutes travel time from the Nevada City City limits.

(e) Agreeing to be assigned to the position for a minimum of three years.

309.8 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.

(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.

(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Nevada City Police Department facility.
Canines

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.8.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.9 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

309.10 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.
Canines

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.

309.11 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

309.11.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Nevada City Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.11.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler’s and the canine’s training file.

309.11.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training
Canines

purposes must comply with federal and state requirements. Alternatively, the Nevada City Police Department may work with outside trainers with the applicable licenses or permits.

309.11.5   CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Nevada City Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.11.6   CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.
Canines

309.11.7 EXPLOSIVE TRAINING AIDS
Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.

(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Domestic Violence

310.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY
The Nevada City Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigation Unit in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
Domestic Violence

310.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.
(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
(b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.
(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.
(c) Alert the victim to any available victim advocates, shelters and community resources.
(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
(h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

310.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.
Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

310.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
310.9 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

310.9.1 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.
Domestic Violence

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

310.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

310.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

310.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
Domestic Violence

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

310.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Manager to maintain and report this information as required.

310.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

311.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Nevada City Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY
It is the policy of the Nevada City Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
Search and Seizure

311.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
   1. Another officer or a supervisor should witness the search.
   2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

• Reason for the search
• Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
• What, if any, injuries or damage occurred
• All steps taken to secure property
• The results of the search, including a description of any property or contraband seized
• If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Nevada City Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

312.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact.

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

### 312.2 POLICY

The Nevada City Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody. This department has no detention facility therefore, juvenile custody should be transferred to the appropriate Nevada County Facility as soon as feasible, and generally Juveniles should not be held at Nevada City PD at any time unless no other available facilities or options are available.

### 312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Nevada City Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Nevada City Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

312.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

312.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Nevada City Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Nevada City Police Department without authorization of the arresting officer’s supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Nevada City Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).
Temporary Custody of Juveniles

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Nevada City Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Nevada City Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.
(b) Released to a parent or other responsible adult after processing at the Department.
(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative
Temporary Custody of Juveniles

is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

312.5 ADVISEMENTS
Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

312.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Nevada City Police Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
Temporary Custody of Juveniles

(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

312.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Nevada City Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

312.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Nevada City Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Nevada City Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Nevada City Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
Temporary Custody of Juveniles

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

312.9 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

312.10 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Nevada City Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

312.11 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Nevada City Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Nevada City Police Department.
312.12 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

312.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).
Temporary Custody of Juveniles

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).

1. All safety checks shall be logged.
2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.13 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Nevada City Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and INVEST Division Supervisor.

(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.

(c) Notification of the appropriate prosecutor.

(d) Notification of the City attorney.

(e) Notification to the coroner.

(f) Notification of the juvenile court.

(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).

(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.

(i) Evidence preservation.

312.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone,
or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.

(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

312.14.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).
**Temporary Custody of Juveniles**

**312.15  FORMAL BOOKING**
No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigation Unit supervisor, giving due consideration to the following:

(a) The gravity of the offense
(b) The past record of the offender
(c) The age of the offender

**312.16  RELEASE OF INFORMATION CONCERNING JUVENILES**
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Nevada City Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Investigation Unit supervisors to ensure that personnel of those bureaus act within legal guidelines.

**312.17  BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION**
The Field Operations Lieutenant shall coordinate the procedures related to the custody of juveniles held at the Nevada City Police Department and ensure any required certification is maintained (Welfare and Institutions Code § 210.2).
Adult Abuse

313.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Nevada City Police Department members as required by law.

313.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

313.2 POLICY
The Nevada City Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:
   1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
   2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
   3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
   4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

   (a) Conduct interviews in appropriate interview facilities.
   (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
   (c) Present all cases of alleged adult abuse to the prosecutor for review.
   (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
   (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
   (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

313.5 MANDATORY NOTIFICATION
Members of the Nevada City Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have
Adult Abuse

observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
Adult Abuse

(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigation Unit supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

313.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.

(c) The present location of the elder or dependent adult.

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.

(e) The nature and extent of the condition of the elder or dependent adult.

(f) The date of incident.

(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.
313.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6.1 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

313.7 INTERVIEWS
313.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:
Adult Abuse

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:
   (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
   (b) Notify the Investigation Unit supervisor so an interagency response can begin.

313.9.1 SUPERVISOR RESPONSIBILITIES
The Investigation Unit supervisor should:
   (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
   (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene.
Adult Abuse

where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.10 RECORDS BUREAU RESPONSIBILITIES
The Records Section is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original adult abuse report with the initial case file.

313.11 JURISDICTION
The Nevada City Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

313.12 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY
The Nevada City Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS
Definitions related to this policy include:

314.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
Discriminatory Harassment

314.3.2 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Administrative Services Manager or the City Manager.
Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Administrative Services Manager, the City Manager, or the California Department of Fair Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

314.4.2 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that his/her subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Administrative Services Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

314.4.3 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating
or counseling members or issuing discipline, in a manner that is consistent with established procedures.

314.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

314.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Administrative Services Manager or the City Manager.

314.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
314.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Administrative Services Manager, depending on the ranks of the involved parties.
- Maintained in accordance with the department's established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

314.7 WORKING CONDITIONS
The Administration Lieutenant or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).

314.8 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

314.8.1 STATE-REQUIRED TRAINING
The Training Manager should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

(a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.

(b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.

(c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Manager should ensure that employees are provided the link or website address to the training course (Government Code § 12950).
Discriminatory Harassment

314.8.2 TRAINING RECORDS
The Training Manager shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).

314.9 REQUIRED POSTERS
The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

315.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Nevada City Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

315.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

315.2 POLICY
The Nevada City Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

315.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).
For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

315.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

315.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

315.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
Child Abuse

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

315.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.
Whenver practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
   1. The child has an immediate need for medical care.
   2. The child is in immediate danger of physical or sexual abuse.
   3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
   1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
   2. There is no lawful custodian available to take custody of the child.
   3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
   4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

315.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.
315.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Existent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

315.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

315.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency
having legal custody of the child. The officer should also arrange for the child’s transportation to
the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent
for the medical examination, officers should notify a supervisor before proceeding. If exigent
circumstances do not exist or if state law does not provide for officers to take the child for a
medical examination, the notified supervisor should consider obtaining a court order for such an
examination.

315.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to
meet the immediate and longer-term medical and safety needs of children exposed to the
manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES
The Investigation Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law
enforcement agencies, medical service providers and local prosecutors to develop
community specific procedures for responding to situations where there are children
endangered by exposure to methamphetamine labs or the manufacture and trafficking
of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigation
Unit supervisor that the officer has responded to a drug lab or other narcotics crime
scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other
narcotics crime scenes. The checklist will help officers document the environmental,
medical, social and other conditions that may affect the child.

315.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where
there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using
photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigation Unit supervisor so an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:
315.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

315.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

315.10.3 CACI HEARING OFFICER
The Investigation Unit supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

315.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the
person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

315.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

315.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

316.2 POLICY
The Nevada City Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Nevada City Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

- Biological sample collection kits

316.4 ACCEPTANCE OF REPORTS

This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.

(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).

(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).

(e) Ensure that entries are made into the appropriate missing person networks as follows:

(h) When circumstances permit and if appropriate, attempt to determine the missing person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

316.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

316.6.1 SUPERVISOR RESPONSIBILITIES

   2. The investigator should meet with school officials regarding the notice as appropriate to stress the importance of including the notice in the child’s student file, along with contact information if the school receives a call requesting the transfer of the missing child’s files to another school.

Requests for a Silver Alert shall be made through the California Highway Patrol (Government Code § 8594.10).

318.7 MUTUAL AID

The Sheriff’s Department Emergency Communications Bureau facilities and staff can be made available in the event of a high call volume.

If the Watch Commander or Investigation Unit Supervisor elects to use the services of the Sheriff’s Department, the following will apply:

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

320.2 POLICY
The continued employment or appointment of every member of the Nevada City Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.5 CAUSES FOR DISCIPLINE

Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee’s opinions should not be included in reports unless specifically identified as such.

323.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

323.2.1 CRIMINAL ACTIVITY

The handling officer should notify and apprise a supervisor of the circumstances surrounding the incident to determine how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

(a) Sudden or accidental deaths.

(b) Attempted suicide

(c) The injury is major/serious, whereas death could result

(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event

323.2.6 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES
A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. The Records Section shall notify the California Department of Public Health (CDPH) of the incident as required by CDPH (Penal Code § 23685).

323.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

323.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.
323.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

323.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

323.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.
Media Relations

324.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

324.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Lieutenants, Watch Commanders and designated Operations Lieutenant(s) may prepare and release information to the media in accordance with this policy and the applicable law.

324.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

324.3 MEDIA ACCESS
Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
   1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be
coordinated through the department Operations Lieutenant or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Operations Lieutenant.

324.3.1 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

324.4 SCOPE OF INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the
safety of any individual or jeopardize the successful completion of any ongoing investigation

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

324.4.1 RESTRICTED INFORMATION
It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.
Subpoenas and Court Appearances

325.1 PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court. It will allow the Nevada City Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

325.2 POLICY
Nevada City Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

325.3 SUBPOENAS
Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer's supervisor or other authorized department agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of $275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

(a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.

(b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

325.3.1 SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.

(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
Subpoenas and Court Appearances

(c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Nevada City Police Department.
(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Nevada City Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

325.3.2 CIVIL SUBPOENA
The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

325.3.3 OFF-DUTY RELATED SUBPOENAS
Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

325.4 FAILURE TO APPEAR
Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

325.5 STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

325.6 COURTROOM PROTOCOL
When appearing in court, members shall:

(a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.
(b) Dress in the department uniform or business attire.
(c) Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

325.6.1 TESTIMONY
Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

325.7 OVERTIME APPEARANCES
When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.
Reserve Officers

326.1 PURPOSE AND SCOPE
The Nevada City Police Department Reserve Unit was established to supplement and assist regular sworn police officers in their duties. This unit provides professional, sworn volunteer reserve officers who can augment regular staffing levels.

326.2 SELECTION AND APPOINTMENT OF POLICE RESERVE OFFICERS
The Nevada City Police Department shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this department.

326.2.1 PROCEDURE
All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment.

Before appointment to the Police Reserve Unit, an applicant must have completed, or be in the process of completing, a POST approved basic academy or extended basic academy.

326.2.2 APPOINTMENT
Applicants who are selected for appointment to the Police Reserve Unit shall, on the recommendation of the Chief of Police, be sworn in by the Chief of Police and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their ability.

326.2.3 COMPENSATION FOR POLICE RESERVE OFFICERS
Compensation for reserve officers is equal to the entry level pay step of regular full time officers, in addition:

All reserve officer appointees are issued two sets of uniforms and all designated attire and safety equipment. All property issued to the reserve officer shall be returned to the Department upon termination or resignation.

326.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Finance and Administration Department prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

326.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the Field
Reserve Officers

Operations Division. Reserve officers may be assigned to other areas within the Department as needed. Reserve officers are required to work a minimum of 16 hours per month.

326.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all department policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

326.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Patrol Lieutenant or his/her designee.

326.3.3 RESERVE COORDINATOR
The Chief of Police shall delegate the responsibility for administering the Reserve Officer Program to a Police Lieutenant.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

(a) Assignment of reserve personnel
(b) Conducting reserve meetings
(c) Establishing and maintaining a reserve call-out roster
(d) Maintaining and ensuring performance evaluations are completed
(e) Monitoring individual reserve officer performance
(f) Monitoring overall Reserve Program
(g) Maintaining liaison with other agency Reserve Coordinators

326.4 FIELD TRAINING
Penal Code § 832.6 requires Level II reserve officers, who have not been released from the immediate supervision requirement per the Completion of the Formal Training Process subsection, to work under the immediate supervision of a peace officer who possesses a Basic POST Certificate.

326.4.1 TRAINING OFFICERS
Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.

326.4.2 PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.
326.4.3 FIELD TRAINING MANUAL
Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Nevada City Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

326.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

326.4.5 SECONDARY TRAINING PHASE
The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

326.4.6 THIRD TRAINING PHASE
Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

326.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.
326.5 SUPERVISION OF RESERVE OFFICERS
Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve officers who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Lieutenant.

326.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Lieutenant, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Lieutenant, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

326.5.2 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

326.5.3 IDENTIFICATION OF RESERVE OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

326.5.4 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

326.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Field Operations Lieutenant.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.
326.5.6 RESERVE OFFICER EVALUATIONS
While in training reserves will be continuously evaluated using standardized daily and weekly
observation reports. The reserve will be considered a trainee until all of the training phases have
been completed. Reserves having completed their field training will be evaluated annually using
performance dimensions applicable to the duties and authorities granted to that reserve.

326.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/
her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of
Penal Code § 832.6.

326.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-
duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or
to and from duty.

326.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other
than to and from work, except those reserve officers who possess a valid CCW permit. An instance
may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of
duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more
suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may
do so only after verifying that the weapon conforms to department standards. The weapon must be
registered by the reserve officer and be inspected and certified as fit for service by a department
armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve
officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in
the Field Training section), he/she may be issued a permit to carry a concealed weapon. The
decision to issue a concealed weapon permit will be made by the Chief of Police with input from
the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit
a reserve officer's qualification will be individually judged. A reserve officer's dedication to the
program and demonstrated maturity, among other factors, will be considered before a concealed
weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as
long as the reserve officer remains in good standing as a Reserve Officer with the Nevada City
Police Department.

326.6.3 RESERVE OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their
assignments. Reserve officers shall comply with all areas of the firearms training section of the
Policy Manual, with the following exceptions:
Reserve Officers

(a) All reserve officers are required to qualify at least every other month
(b) Reserve officers may fire at the department approved range at least once each month and more often with the approval of the Reserve Coordinator
(c) Should a reserve officer fail to qualify over a two-month period, that reserve officer will not be allowed to carry a firearm until he/she has reestablished his/her proficiency

326.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.
Outside Agency Assistance

327.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

327.2 POLICY
It is the policy of the Nevada City Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

327.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

327.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Nevada City Police Department shall notify his/her supervisor or the Watch Commander and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

327.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.
Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

327.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.
Registered Offender Information

328.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Nevada City Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

328.2 POLICY
It is the policy of the Nevada City Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

328.3 REGISTRATION
The Investigation Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

328.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

328.4 MONITORING OF REGISTERED OFFENDERS
The Investigation Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.

(b) Review of information on the California DOJ website for sex offenders.
Registered Offender Information

(c) Contact with a registrant’s parole or probation officer. Any discrepancies should be reported to the California DOJ.

The Investigation Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Nevada City Police Department personnel, including timely updates regarding new or relocated registrants.

328.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Nevada City Police Department’s website. Information on sex registrants placed on the Nevada City Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Manager may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

328.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

(a) The offender’s full name

(b) The offender’s known aliases

(c) The offender’s sex

(d) The offender’s race

(e) The offender’s physical description

(f) The offender’s photograph

(g) The offender’s date of birth

(h) Crimes resulting in the registration of the offender under Penal Code § 290

(i) The date of last registration
Registered Offender Information

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

328.5.2 RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).
Major Incident Notification

329.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

Death Investigation

330.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

330.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

330.2.1 CORONER REQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

(c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.

(d) Known or suspected homicide.

(e) Known or suspected suicide.

(f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.

(g) Related to or following known or suspected self-induced or criminal abortion.

(h) Associated with a known or alleged rape or crime against nature.

(i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.

(j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.

(k) Accidental poisoning (food, chemical, drug, therapeutic agents).
(l) Occupational diseases or occupational hazards.
(m) Known or suspected contagious disease and constituting a public hazard.
(n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
(o) In prison or while under sentence. Includes all in-custody and police involved deaths.
(p) All deaths of unidentified persons.
(q) All deaths of state hospital patients.
(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
(s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

330.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

330.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.
Death Investigation

330.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.

330.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

330.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

330.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).
Identity Theft

331.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

331.2 REPORTING

(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim’s name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Communications with Persons with Disabilities

332.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

332.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

332.2 POLICY
It is the policy of the Nevada City Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

332.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Field Operations Lieutenant or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Nevada City Police Department’s efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

332.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
332.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Nevada City Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

332.6 TYPES OF ASSISTANCE AVAILABLE
Nevada City Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

332.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

332.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

332.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.
Communications with Persons with Disabilities

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

332.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

332.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

332.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
332.13  FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

332.13.1  FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

332.14  CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual
Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

332.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

332.17 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.
Communications with Persons with Disabilities

(b) Procedures for accessing qualified interpreters and other available resources.
(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

332.17.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
(b) ASL syntax and accepted abbreviations.
(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Private Persons Arrests

333.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person’s arrests made pursuant to Penal Code § 837.

333.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person’s arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person’s arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person’s arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

333.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;

(b) When the person arrested has committed a felony, although not in his or her presence;

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

333.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person’s arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person’s arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person’s arrest is lawful, the officer may exercise any of the following options:

   1. Take the individual into physical custody for booking
   2. Release the individual pursuant to a Notice to Appear
   3. Release the individual pursuant to Penal Code § 849

333.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person’s Arrest form under penalty of perjury.

In addition to the Private Person’s Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

334.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

334.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

334.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Lieutenant.

(c) By the tenth day of each month, it shall be the responsibility of the Investigation Lieutenant to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
Anti-Reproductive Rights Crimes Reporting

2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

335.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

335.1.1 DEFINITIONS
Definitions related to this policy include:

Authorised interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Nevada City Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

335.2 POLICY
It is the policy of the Nevada City Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

335.3 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law
enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

335.4 TYPES OF LEP ASSISTANCE AVAILABLE
Nevada City Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

335.5 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

335.6 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

335.7 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to
communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

335.8 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

335.8.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
Limited English Proficiency Services

- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

335.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

335.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

335.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Nevada City Police Department will take reasonable steps and will work with the Finance and Administration Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

335.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language
is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller’s language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

335.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

335.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter
Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual’s bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

### 335.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

### 335.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

### 335.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

### 335.16 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including
how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

335.16.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Biological Samples

337.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

337.2 POLICY
The Nevada City Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

337.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):
   (a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
   (b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
   (c) An adult arrested or charged with any felony.

337.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

337.4.1 COLLECTION
The following steps should be taken to collect a sample:
   (a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
   (b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
   (c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
337.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

337.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

337.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

337.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

337.6.1 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.
Biological Samples

337.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or
(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

337.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.

338.5 IDENTIFICATION AND UNIFORMS
As representatives of the Department, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by officers through the inclusion of “Chaplain” on the uniform and not reflect any religious affiliation.

Chaplains will be issued Nevada City Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Nevada City Police Department identification cards, with the exception that “Chaplain” will be indicated on the cards. Chaplains shall be required to return any issued uniforms or department property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this department.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person’s intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Nevada City Police Department.

338.6.1 COMPLIANCE
Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

(g) When responding to in-progress calls for service, chaplains may be required to stand-by in a secure area until the situation has been deemed safe.

(h) Chaplains shall serve only within the jurisdiction of the Nevada City Police Department unless otherwise authorized by the Chief of Police or the authorized designee.

(i) Each chaplain shall have access to current department member rosters, addresses, telephone numbers, duty assignments and other information that may assist in his/her duties. Such information will be considered confidential and each chaplain will exercise appropriate security measures to prevent distribution of the data.

338.6.3 ASSISTING DEPARTMENT MEMBERS

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Nevada City Police Department member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Public Safety Video Surveillance System

339.1 PURPOSE AND SCOPE
This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

339.2 POLICY
The Nevada City Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

339.3 OPERATIONAL GUIDELINES
Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

339.3.1 PLACEMENT AND MONITORING
Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

The cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public video surveillance system may be useful for the following purposes:

(a) To prevent, deter and identify criminal activity.
(b) To target identified areas of gang and narcotics complaints or activity.
(c) To respond to critical incidents.
Public Safety Video Surveillance System

(d) To assist in identifying, apprehending and prosecuting offenders.
(e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers
(f) To augment resources in a cost-effective manner.
(g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Commander’s office and Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

339.3.2 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

339.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

339.4.1 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.
Public Safety Video Surveillance System

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target protected individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

339.5 STORAGE AND RETENTION OF MEDIA
All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule and for a minimum of one year. Prior to destruction, written consent shall be obtained from the City Attorney. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved (Government Code § 34090.6).

Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

339.5.1 EVIDENTIARY INTEGRITY
All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

339.6 RELEASE OF VIDEO IMAGES
All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Nevada City Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.
339.7 VIDEO SURVEILLANCE AUDIT
The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

339.8 TRAINING
All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.
Child and Dependent Adult Safety

340.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

340.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Nevada City Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

340.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
340.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

340.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

340.3.3 REPORTING
(a) For all arrests where children are present or living in the household, the reporting member will document the following information:
1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)
(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

340.3.4 SUPPORT AND COUNSELING REFERRAL
If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

340.4 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or department adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.
Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

340.5 TRAINING
The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

341.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

341.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual’s disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

341.2 POLICY
It is the policy of the Nevada City Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

341.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

• Guiding people who are blind or have low vision.
• Alerting people who are deaf or hard of hearing.
• Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
• Pulling wheelchairs.
• Providing physical support and assisting with stability and balance.
• Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
• Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with
341.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Nevada City Police Department affords to all members of the public (28 CFR 35.136).

341.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

341.4.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

341.4.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

341.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service
Service Animals

animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Volunteer Program

342.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

342.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

342.2 VOLUNTEER MANAGEMENT

342.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator shall be appointed by the Administration Lieutenant. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
Volunteer Program

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

342.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester’s immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

342.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprint shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment

(c) References

(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

342.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.
Volunteer Program

342.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

342.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

342.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.
342.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.

(b) Ensure volunteers have work space and necessary office supplies.

(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

342.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

342.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
Volunteer Program

342.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

(a) A driving safety briefing and department approved driver safety course.

(b) Verification that the volunteer possesses a valid California Driver License.

(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

342.5.2 RADIO AND MDT USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDT and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

342.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

342.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

342.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

343.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Nevada City Police Department with respect to taking law enforcement action while off-duty.

343.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

343.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

343.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
Off-Duty Law Enforcement Actions

(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

343.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Nevada City Police Department officer until acknowledged. Official identification should also be displayed.

343.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

343.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

343.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

343.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Gun Violence Restraining Orders

344.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders.

344.1.1 DEFINITIONS
Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

344.2 POLICY
It is the policy of the Nevada City Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

344.3 GUN VIOLENCE RESTRAINING ORDERS
An officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, an officer may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

344.6 RECORDS MANAGER RESPONSIBILITIES
The Records Manager is responsible for ensuring:

(a) Proof of service of any gun violence restraining order served by an officer or received from the clerk of the court is entered in the computer database system for protective and restraining orders maintained by the Department of Justice within one business day of service if served by an officer, or within one business day of receipt of proof of service if served by a person other than a law enforcement officer (Penal Code § 18115).

Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY
The Nevada City Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION
Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Nevada City. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.
(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
(d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
(e) Responding to reports of criminal and non-criminal acts.
(f) Responding to routine calls for service, such as public assistance or public safety.
(g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
(h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
(i) Directing and controlling traffic.

400.4 INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.
Patrol Function

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.5 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.5.1 CAMPUS LIAISON
A college or university in this jurisdiction should designate a liaison between our department and students exercising rights guaranteed by the First Amendment to the United States Constitution, a similar provision of the California Constitution or both (Education Code § 66303). The designated department staff member will work with this liaison regarding relevant issues, scheduled events, training and crowd control.

400.6 BULLETIN BOARDS
A bulletin board will be kept in the briefing room for display of suspect information intelligence reports and photographs. New Special Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of Special Order will be placed on the briefing room information board.
Bias-Based Policing

401.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Nevada City Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

401.2 POLICY
The Nevada City Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING OF STOPS

Unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Nevada City Police Department is the primary agency, the Nevada City Police Department officer shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the officer’s shift or as soon as practicable (11 CCR 999.227).

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

1. Supervisors should document these discussions, in the prescribed manner.

(b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Terminal (MDT) data and any other available resource used to document contact between officers and the public to ensure compliance with the policy.

1. Supervisors should document these periodic reviews.
2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Admin Lieutenant Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the Records Manager for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Section Policy.

Supervisors should ensure that data stop reports are provided to the Records Manager for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).

401.7 ADMINISTRATION

Each year, the Field Operations Lieutenant should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

401.8 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Administrative Services.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.

(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).
Briefing Training

402.1 PURPOSE AND SCOPE
Briefing training is generally conducted at the beginning of the officer’s assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

(b) Notifying officers of changes in schedules and assignments

(c) Notifying officers of new Departmental Directives or changes in Departmental Directives

(d) Reviewing recent incidents for training purposes

(e) Providing training on a variety of subjects

402.2 PREPARATION OF MATERIALS
The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

402.3 RETENTION OF BRIEFING TRAINING RECORDS
Briefing training materials and a curriculum or summary shall be forwarded to the Lieutenant for inclusion in training records, as appropriate.
Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY
It is the policy of the Nevada City Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.
403.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

404.1.1 ELIGIBILITY
The Nevada City Police Department Ride-Along Program is offered to residents, students and those employed within the City. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

Ride-along requirements for police cadets are covered in the Police Cadets Policy.

404.2.2 SUITABLE ATTIRE

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Watch Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

404.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK
All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Nevada City Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

404.3 OFFICER’S RESPONSIBILITY
The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

(d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.

(e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.

(f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.
Hazardous Material Response

405.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with 8 CCR § 5194, the following is to be the policy of this department.

405.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

405.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver’s manifest or statements from the person transporting).
(b) Notify the Fire Department.
(c) Provide first-aid for injured parties if it can be done safely and without contamination.
(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
(f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety Code § 25354.5).

405.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.
Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

405.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.
Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

(a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

(b) Unlawfully held against his/her will under threat or actual use of force.

406.2 POLICY
It is the policy of the Nevada City Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

406.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

406.4 FIRST RESPONDER CONSIDERATIONS
First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION
Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators.

During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Operations Lieutenant (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response from an outside allied agency if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application
Hostage and Barricade Incidents

for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Operations Lieutenant or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

406.6 CRU RESPONSIBILITIES
The Incident Commander will decide, with input from the CRU Commander, whether to deploy the CRU from an allied outside agency during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

406.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

407.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Nevada City Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

407.2 POLICY
It is the policy of the Nevada City Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

407.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

407.4.1 NEVADA CITY POLICE DEPARTMENT FACILITY
If the bomb threat is against the Nevada City Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

407.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Nevada City Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.
407.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

407.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Nevada City, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

407.5.1 ASSISTANCE
The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
Response to Bomb Calls

(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

407.6 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
(i) Promptly relay available information to the Watch Commander including:
   1. The time of discovery.
Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

407.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.7.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

407.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate
407.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

407.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Crisis Intervention Incidents

408.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

408.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

408.2 POLICY
The Nevada City Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

408.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

408.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

408.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.
   1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.

408.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

408.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/Attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
408.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Lieutenant.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

408.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

408.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

408.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person
may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

408.11 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Mental Illness Commitments

409.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

409.2 POLICY
It is the policy of the Nevada City Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

409.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

409.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
(c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:
Mental Illness Commitments

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

409.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person’s personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

409.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

409.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported
and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

409.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

(c) Facilitate the individual’s transfer to jail.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9   FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

409.9.1   PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigation Unit, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.
Mental Illness Commitments

409.10 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Cite and Release Policy

410.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

410.2 POLICY
It is the policy of the Nevada City Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

410.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

410.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

410.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

410.4 NON-RELEASE
410.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

410.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Nevada City Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

(a) Previous failure to appear is on record

(b) The person lacks ties to the area, such as a residence, job, or family

(c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Section.

410.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.

(b) The misdemeanor cited in the warrant involves a firearm.

(c) The misdemeanor cited in the warrant involves resisting arrest.

(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.

(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.

(g) The person has other ineligible charges pending against him/her.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

410.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Nevada City City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Patrol Lieutenant for further action including diversion.

410.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Nevada City Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY
The Nevada City Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.
(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.
(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
411.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:

   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers
   5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.
411.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

412.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

412.2 POLICY
The Nevada City Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.4 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:
(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

### 412.5 PLANNING

The Field Operations Lieutenant should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
412.6 TRAINING
The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

413.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Nevada City Police Department relating to immigration and interacting with federal immigration officials.

413.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person’s presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

413.2 POLICY
It is the policy of the Nevada City Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

413.4 IMMIGRATION INQUIRIES PROHIBITED
 Officers shall not inquire into an individual’s immigration status for immigration enforcement purposes (Government Code § 7284.6).

413.5 DETENTIONS AND ARRESTS
An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify
whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

413.5.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.

(b) Transfer the person to jail.

413.6 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

413.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials

(b) Maintaining such information in department records

(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

413.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).
Immigration Violations

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.

(c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(d) The individual is a current registrant on the California Sex and Arson Registry.

(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

413.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Nevada City Police Department intends to comply with the request (Government Code § 7283.1).

If the Nevada City Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

413.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Nevada City Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

413.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.

(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(c) The individual is a current registrant on the California Sex and Arson Registry.
(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

413.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Investigation Unit supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Manager for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Section Policy).

413.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Unit supervisor assigned to oversee the handling of any related case. The Investigation Unit supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

413.8.1 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).
Immigration Violations

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

413.8.2 REPORTING TO LEGISLATURE
The Investigation Unit supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

413.9 TRAINING
The Training Manager should ensure that all appropriate members receive training on immigration issues.

Training should include:

(a) Identifying civil versus criminal immigration violations.
(b) Factors that may be considered in determining whether a criminal immigration violation has been committed.
(c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
Emergency Utility Service

414.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

414.1.1 BROKEN WATER LINES

The City’s responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

414.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

414.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

414.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.
Aircraft Accidents

415.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

415.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

415.2 POLICY
It is the policy of the Nevada City Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

415.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

415.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
415.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

415.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

415.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
(c) Fluids, batteries, flares and igniters.

(d) Evacuation chutes, ballistic parachute systems and composite materials.

415.8 DOCUMENTATION
All aircraft accidents occurring within the City of Nevada City shall be documented. Obtaining Air Support

417.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

417.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard

(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community

(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

418.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

418.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

418.2 POLICY
The Nevada City Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
418.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Nevada City Police Department to strengthen community involvement, community awareness, and problem identification.

418.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual’s:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the officer

418.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect’s use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon. Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

418.5 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

418.5.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.
Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

418.5.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

418.6 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Nevada City Police Department members.

1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

In addition to the required conditions, officers should activate the system any time they feel its use would be appropriate and/or valuable to document an incident.
9. Unless it is unsafe or impractical to do so, or mechanical issues that impede the use of the device are present, officers shall make every reasonable effort to activate their BWV cameras prior to making contact in any of the following incidents:

a. Enforcement encounters where there is a reasonable suspicion that the person is involved in criminal activity or a violation of law. This includes, but is not limited to dispatched calls, self-initiated activities, traffic stops, pedestrian checks, search or arrest warrant service, consent searches, vehicle or foot pursuits, K-9 deployments or any other investigative or enforcement encounters.

b. During any encounter that becomes adversarial or confrontational after the initial contact or when a force option is considered.

c. After initial contact in any situation that would not otherwise require taping should the officer deem it necessary.

d. Officers may activate the BWV before or during any other incident at their discretion. An officer shall have the latitude to terminate the recording when there is no likelihood of force being used or anything else of evidentiary value occurring.

e. It shall be deemed a violation of this policy for an officer to fail to activate the device or intentionally terminate a recording in order to commit a violation of law or Department policy.

10. Officers shall not use the BWV recording functions to record any personal conversation of or between another Department member or employee without the recorded member/employee's knowledge or permission. This includes during breaks, lunch, or when not in service.

11. Officers are not required to obtain consent from a private person when

a. In a public place.

421.4 RESTRICTED ACCESS AND USE
MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Watch Commanders.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

421.4.1 USE WHILE DRIVING
Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.
Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

**421.5 DOCUMENTATION OF ACTIVITY**

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member’s daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

**421.5.1 STATUS CHANGES**

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

**421.5.2 EMERGENCY ACTIVATION**

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

**421.6 EQUIPMENT CONSIDERATIONS**

**421.6.1 MALFUNCTIONING MDT**

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
421.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.
Portable Audio/Video Recorders

422.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Nevada City Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

422.2 POLICY
The Nevada City Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

422.3 COORDINATOR
The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.
(b) Designating persons responsible for downloading recorded data.
(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
(d) Establishing a system for tagging and categorizing data according to the type of incident captured.
(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
(g) Maintaining logs of access and deletions of recordings.

422.4 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.
Portable Audio/Video Recorders

422.5 MEMBER RESPONSIBILITIES
Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, NCPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

422.5.1 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

422.6 ACTIVATION OF THE PORTABLE RECORDER
This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
(c) Self-initiated activity in which a member would normally notify Dispatch
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same
Portable Audio/Video Recorders

criterion. Recording should resume when privacy is no longer at issue unless the circumstances
no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder
or change the recording media. However, the recorder should be activated in situations described
above as soon as reasonably practicable.

422.6.1 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably
believes that his/her direct participation in the incident is complete or the situation no longer fits
the criteria for activation. Recording may be stopped during significant periods of inactivity such
as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not
recorded between a person in custody and the person’s attorney, religious advisor or physician,
unless there is explicit consent from all parties to the conversation (Penal Code § 636).

422.6.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER
Members of the Department may surreptitiously record any conversation during the course of a
criminal investigation in which the member reasonably believes that such a recording will be lawful
and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless
lawfully authorized by the Chief of Police or the authorized designee.

422.6.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio
waves that could trigger an explosive device. Therefore, these devices should not be used where
an explosive device may be present.

422.7 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media
for personal use and are prohibited from making personal copies of recordings created while on-
duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained
while on-duty, whether the recording was created with department-issued or personally owned
recorders. Members shall not duplicate or distribute such recordings, except for authorized
legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the
express consent of the Watch Commander. Any member who uses a personally owned recorder
for department-related activities shall comply with the provisions of this policy, including retention
and release requirements, and should notify the on-duty supervisor of such use as soon as
reasonably practicable.
Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

422.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
(b) A complainant, victim or witness has requested non-disclosure.
(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

422.9 RETENTION OF RECORDINGS
Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incident involving use of force by an officer
(b) Officer-involved shootings
(c) Incidents that lead to the detention or arrest of an individual
(d) Recordings relevant to a formal or informal complaint against an officer or the Nevada City Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).
Portable Audio/Video Recorders

422.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

422.10 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.
Public Recording of Law Enforcement Activity

423.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

423.2 POLICY
The Nevada City Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

423.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

423.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

423.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

423.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Medical Marijuana

424.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

424.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
424.2 POLICY
It is the policy of the Nevada City Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California’s medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Nevada City Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

424.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

424.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

424.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

424.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER
No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

424.3.4 INVESTIGATIONS INVOLVING A STATE LICENSEE
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

424.3.5 ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:
Medical Marijuana

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

424.3.6 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
Medical Marijuana

(c) Smoking marijuana (Health and Safety Code § 11362.79):
   1. In any place where smoking is prohibited by law.
   2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
   3. On a school bus.
   4. While in a motor vehicle that is being operated.
   5. While operating a boat.

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

424.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

424.5 PROPERTY AND EVIDENCE SUPERVISOR RESPONSIBILITIES
The Property and Evidence supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Unit supervisor.
Bicycle Patrol Unit

425.1 PURPOSE AND SCOPE
The Nevada City Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

425.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community. Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

425.3 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive updated in-service training to improve skills and refresh safety, health and operational procedures, when practical and available. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

425.4 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.
**Bicycle Patrol Unit**

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

**425.5 CARE AND USE OF PATROL BICYCLES**

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a “POLICE” decal affixed to each side of the crossbar or the bike’s saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer’s immediate presence.
425.6 OFFICER RESPONSIBILITY
Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law.
Foot Pursuits

426.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 POLICY
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

426.3 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
Foot Pursuits

(e) Air support.

(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

426.4 GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.
Foot Pursuits

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

(o) The officer’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

426.5 RESPONSIBILITIES IN FOOT PURSUITS

426.5.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

426.5.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.
Foot Pursuits

426.5.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

426.5.4 DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

426.6 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
Foot Pursuits

(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Homeless Persons

427.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Nevada City Police Department recognizes that members of the homeless community are often in need of special protection and services. The Nevada City Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

427.1.1 POLICY
It is the policy of the Nevada City Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

427.2 HOMELESS COMMUNITY LIAISON
The Chief of Police may designate a member of this department to act as the Homeless Liaison Officer and/or participate in the Nevada County Homeless Outreach Team (HOT). The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:

1. Proper posting of notices of trespass and clean-up operations.

2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.
427.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

427.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.
(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

427.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a
supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

427.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT
Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

427.6 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, enforcement of local camping, littering or nuisance ordinances. Officers should obtain supporting photographs and evidence when appropriate.
First Amendment Assemblies

428.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

428.2 POLICY
The Nevada City Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

428.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

428.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

428.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

428.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

428.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
• The potential time, duration, scope and type of planned activities.
• Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

428.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
428.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

428.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

428.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Conducted Energy Devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaiacin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

428.8 ARRESTS
The Nevada City Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

428.9 MEDIA RELATIONS
The Operations Lieutenant should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

428.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
428.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, Dispatch records/tapes
(g) Media accounts (print and broadcast media)

428.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

428.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

429.1 PURPOSE AND SCOPE
This policy provides members of the Nevada City Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

429.2 POLICY
The Nevada City Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

429.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
429.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

429.4.1 STANDBY REQUESTS
Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

429.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

429.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
Medical Aid and Response

430.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

430.2 POLICY
It is the policy of the Nevada City Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

430.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
430.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

430.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

430.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

430.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are
Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Field Operations Lieutenant should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

430.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

430.8.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.
Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

430.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

430.8.3 AED TRAINING AND MAINTENANCE
The Training Manager should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

430.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

430.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

430.9.2 DESTRUCTION OF OPIOID OVERDOSE MEDICATION
The Training Manager shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

430.9.3 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Manager will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.
430.9.4 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT
Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

430.9.5 OPIOID OVERDOSE MEDICATION TRAINING
The Training Manager should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

430.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS
The Field Operations Lieutenant may authorize the acquisition of epinephrine auto-injectors for use by Department members as provided by Health and Safety Code § 1797.197a. The Training Manager shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

430.10.1 EPINEPHRINE USER RESPONSIBILITIES
Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact Dispatch as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

430.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING
Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Manager should ensure that the Records Manager is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

430.10.3 EPINEPHRINE AUTO-INJECTOR TRAINING
The Training Manager should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.
**Medical Aid and Response**

**430.11 SICK OR INJURED ARRESTEE**
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

**430.12 FIRST AID TRAINING**
The Training Manager should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Nevada City Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:
Traffic Function and Responsibility

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).
Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Traffic Collision Reporting

501.1  PURPOSE AND SCOPE
The Nevada City Police Department prepares traffic collisions as part of an effective traffic safety program and so those collisions can be accurately submitted to the Statewide Integrated Traffic Records System (SWITRS). As a public service the Nevada City Police Department makes traffic collision reports available to the community with some exceptions.

501.2  DEFINITIONS

A.  FATAL INJURY - Death as a result of injuries sustained in a collision, or an injury resulting in death within 30 days of the collision.
   - NOTE: The death of a fetus involved in a traffic collision will be documented as a fatal injury if the coroner classifies the injury as a death and attributes the death to the collision.

B.  SEVERE INJURY - An injury, other than a fatal injury, that includes the following:
   1.  Broken or fractured bones.
   2.  Dislocated or distorted limbs.
   3.  Severe lacerations.
   4.  Skull, spinal, chest or abdominal injuries that go beyond "Other Visible Injuries."
   5.  Unconsciousness at or when taken from the collision scene.
   6.  Severe burns.

C.  OTHER VISIBLE INJURIES - An injury, other than a fatal or severe injury, which is evident to observers at the scene of the collision. Other visible injuries include:
   1.  Bruises, discoloration, or swelling.
   2.  Minor lacerations or abrasions.
   3.  Minor burns.

D.  COMPLAINT OF PAIN - This classification could contain authentic internal, other non-visible injuries, and fraudulent claims of injury. "Complaint of Pain" includes:
   1.  Persons who seem dazed, confused, or incoherent (unless such behavior can be attributed to intoxication, extreme age, illness, or mental infirmities).
   2.  Persons who are limping, or complaining of pain or nausea, but do not have visible injuries.
   3.  Any person who may have been unconscious, as a result of the collision, although it appears he/she has recovered.
   4.  Persons who say they want to be listed as injured but do not appear to be so.

501.3  TRAFFIC COLLISION REPORTING
501.3.1 **ACCIDENT DOCUMENTATION FORM (CHP 555-03)**
The completion of a CHP 555-03 form which documents the minimal necessary information for reporting purposes. Information needed includes personal identifying information for the parties involved, vehicle and registration information, and insurance information. This form also documents minimal factual information related to the collision including the general location, date/time of day, weather/road conditions, and description of damage.

If possible, the completion of this form can be facilitated by the responding officer and assigned a case number. This form can also be completed by involved parties at a later time and turned into the NCPD records department. No primary collision factor will be determined.

501.3.2 **REPORT**
Previously known as a "Summary Cause Report", this report is taken by the officer and includes the following: I° CHP 555 Page 1,2,3 I° Sketch (CHP page 4 may be used for the sketch if desired) I° Narrative headings of:

A. NOTIFICATION - Time call was received, type of call, officer's response location and time of arrival at the collision scene. A statement shall be made that all times, speeds, and measurements are approximate. Identify the device used to determine measurements. For example, steel tape, Rolatape, pacing, etc.

B. STATEMENTS - Identify parties and witnesses by number and last name. Identify passengers by using the word "passenger" and last name. (e.g., Passenger Jones). Statements should be taken from all parties, passengers, and witnesses. The officer should first record the location of each passenger/witness at the time of the collision and the substance of each statement, eliminating unnecessary detail or speculation and arranging the explanation in a logical order.

   1. (1) Statements obtained from passengers or witnesses shall not contain statements such as "Wit. #2 basically stated the same as P-1" or Passenger Jones substantiated P-1's statement." Each statement obtained from passengers or witnesses shall be their own account of how the collision occurred. (2) Statements taken at locations other than at the scene should include date, location, time, and name of investigating officer or the person taking the statement.

C. SUMMARY - The officer shall give his/her opinion of what took place, explain how and why the collision occurred, in a logical, time-sequential manner. Each vehicle's pre-collision, at collision and post collision location with respect to direction of travel, highway, speed, lane, and relationship to each of the involved parties shall be addressed. The summary should also include the actions of the parties or defective vehicle equipment which contributed to the collision and how this was established and verified.

D. AREA OF IMPACT- The officer shall list each AOI. For example, AOI #1 (V-1 vs. V-2), AOI #2 (V-2 vs. guardrail), etc. Locate each AOI with a minimum of two measurements. The officer shall state how the AOI was determined (physical evidence, statements, point of rest, etc.).
E. **CAUSE** - The officer shall include the PCF and, if applicable, any other associated factor that contributed to the collision; which party was most at fault; and an explanation of the items upon which the officer’s opinion is based. For example, Party #1, (J. Jones), was in violation of VC Section 22450, failure to stop at a stop sign, based upon statements of parties, witnesses, and physical evidence.

501.3.3 **INVESTIGATION**

The Investigation is a comprehensive collision report that includes the completion of the following:

CHP 555 Page 1,2,3 / Sketch / Factual diagram on CHP 555 page 4 / Narrative headings of:

A. A. **FACTS** - Include only factual information. Do not enter opinions in this section. Facts include, but are not limited to, the following:

(a) Notification. Time call was received, type of call, the location the officer responded from, and the time of arrival at the collision scene. A statement shall be made that all times, speeds, and measurements are approximate. Identify the device used to determine measurements. For example, steel tape, Rolatape, pacing, etc.

(b) Scene Description. Describe the scene, including whether the roadway is one-way/two-way, freeway/state route/county road/city street, straight/curved, total number of lanes, width of roadway, roadway composition (concrete, asphalt, etc.), center line, and shoulders. If present, describe fixed or other objects, as well as the type of traffic control, lighting conditions, roadway conditions, and other issues not covered by a factual diagram legend.

   (a) The officer shall report all facts concerning applicable highway conditions.

   (b) The officer shall not express engineering opinions concerning highway conditions.

(c) Parties. Document where the party/person was found upon arrival and how he/she was identified and established as the party. Locate the vehicle/bicycle, as found upon arrival. Describe collision damage and identify any observed prior damage. If mechanical defects were found, include how the defect was discovered and verified. Repeat the sequence for all parties. NOTE: Whenever a collision occurs which results in any injury, the investigating officer shall inspect the restraint systems of the involved vehicles for possible system failures. If a failure is suspected, the officer should request the assistance of the Multidisciplinary Accident Investigation Team (MAIT) as outlined in Annex 1-A-1, Criteria for Requesting Multidisciplinary Accident Investigation Team (MAIT) Assistance.

   (d) Physical Evidence. If not described and shown on a legend-type factual diagram, describe evidence and location by using at least two measurements, depending on the object. Physical evidence, such as paint transfers, vehicle parts that are missing or found, blood, heel marks,
gouges, etc., should be described in detail indicating the location it was found and the disposition of evidence.

(e) Hit and Run. Document information such as a description of the suspect vehicle, including any unusual features, and a description of the suspect, his/her clothing, and any unusual features. Document who can identify the suspect and place him/her as the driver of the hit-and-run vehicle. Also include a summary of follow-up activities or an explanation as to why no followup actions were taken.

(f) Hazardous Material. Provide the trade or chemical name of the hazardous material. Include the presence/absence of placards, labels, shipping papers, and type of container (such as cylinders, metal or fiber drums, tanks, etc.). Document the carrier/shipper identification as shown the CHP 555D, Page 1. Additionally, provide a brief description including which cleanup contractor was used, methodology, and disposition of waste material. (A CHP 555D, Truck/Bus Collision Supplemental Report shall be completed. Refer to Chapter 8, Instructions for Completing the CHP 555D, Truck/Bus Collision Supplemental Report.)

(g) Other Factual Information. The investigating officer shall include all other factual information pertinent to the INVESTIGATION. For example, driver license restrictions, driver's physical disabilities, second trailer of a combination of vehicles, etc.

B. STATEMENTS - Identify parties, witnesses, and passengers by number and last name. Statements should be taken from all parties, witnesses and passengers. The officer shall first record the location of each "Party/Witness/Passenger" at the time of the collision and the substance of each statement, eliminating unnecessary detail or speculation and arranging the explanation in a logical order.

(a) If a statement is obtained by the question and answer technique, include both the question and the answer. However, if the officer is asking only clarifying questions of a "Party/Witness/Passenger," it is not necessary to document in a question and answer format. If a written statement is obtained, writing "Statement Attached" is appropriate. If no statement is obtained, indicate the reason, e.g., fled scene, none due to injuries, etc.

(b) Statements obtained from passengers or witnesses shall not contain statements such as "Wit. #2 basically stated the same as P-1" or "Passenger #1 substantiated P-1's statement." Each statement obtained from passengers or witnesses shall be their own account of how the collision occurred.

(c) Party/Witness/Passenger statements taken at a location other than at the scene should include the date, location, time, and name of investigating officer or the person taking the statement. NOTE: A layperson can give his/her opinion as to sobriety.

C. OPINIONS AND CONCLUSIONS - The purpose of this section is to explain the collision. Avoid use of stilted or formal phrases. The words "it is my opinion"
should not be used, as the heading clearly indicates that the statement is the officer's opinion.

(a) Summary. The officer shall give his/her opinion of what took place, explain how the collision occurred, and why the collision occurred in a logical, time-sequential manner. Each vehicle's pre-collision, at collision, and post collision location with respect to direction of travel, highway, speed, lane, and relationship to each of the involved parties shall be addressed. The summary should also include the actions of the parties or information regarding defective vehicle equipment which contributed to the collision and how this was established and verified.

(b) Area(s) of Impact. The officer shall state how the area of impact (AOI) was determined (physical evidence, statements, point of rest, etc.). Locate the AOI with a minimum of two measurements. If there are multiple AOI's, list them as follows: AOI #1 (V-1 vs. V-2), AOI #2 (V-2 vs. guardrail), etc. For example, the AOI between the front of V-1 and the L/F of V-2 was located 592 feet east of the west roadway edge prolongation of Franklin Street and 8 feet south of the north roadway edge of Washington Boulevard. The AOI was determined by the unmoved location of V-1, tire friction marks from V-1, engine fluid from both vehicles, and vehicle debris.

(c) Intoxication Narrative. The officer shall include the following if an intoxicated party was involved:

(a) The party's actions, including the objective symptoms of intoxication; odor of alcoholic beverage, eyes, speech, hand-eye coordination, balance, etc. The officer shall state how the party was determined to be the driver.

(b) A general statement that Field Sobriety Tests (FST's) were given, if the party performed the FST's as demonstrated, and if the investigating officer determined the party was under the influence of alcohol and/or drugs.

   NOTE: CHP ONLY Unless otherwise directed by Area procedures, the CHP 555 should be the primary investigative report when a collision investigation results in an in-custody arrest.

(c) Other report forms related to the arrest, such as the CHP 202, Driving Under the Influence Arrest-Investigation Report, or CHP 216, Arrest/Investigation Report, shall contain all confidential information or information necessary to complete the reports. (d) A reference such as "Refer to Collision Report" may be made in the Arrest-Investigation Report, however, there should be no reference to the arrest report in the collision narrative.

(d) Cause. The officer shall include the primary collision factor (PCF) and, if applicable, any other associated factor that contributed to the collision (which party was most at fault), and an explanation of the items upon which the officer's opinion is based. A party's action or failure to act must

Policy Manual

Traffic Collision Reporting

agree with the summary and the sketch. For example, P-2 was in violation of Vehicle Code (VC) Section 21804(a), Entry onto Highway. The cause was based on the clear line of sight which was available to P-2, front end damage to V-1, side impact damage to V-2, 83 feet of tire friction marks from V-1, location of the AOI, and statements from the involved parties and witness.

NOTE: In the case of a felony, include how the act or neglect was the proximate cause of and degree of injury.

D. RECOMMENDATIONS - The officer should recommend necessary follow-up actions by another person or agency when he/she cannot complete pertinent portions of the INVESTIGATION. Indicate here if you are requesting district attorney's review. If no recommendations, enter "None."

(a) Also use this section to explain collision-related violations, e.g., VC Sections 20001, 23153(a) or Penal Code Section 191.5(a).

(b) Indicate whether a citation was issued or a complaint will be filed as a result of the collision investigation. Clearly outline all charges sought.

501.4 REPORTING SITUATIONS
INVESTIGATION GUIDELINES

Regardless of whether the collision occurred on a public roadway / highway, or on private property, an INVESTIGATION report shall be taken in the following cases:

1. FATAL INJURY - any of the involved parties are killed as a result of the collision.
2. SEVERE INJURY - any of the involved parties sustains severe injury as defined in this section.
3. SUPERVISOR DISCRETION - any collision which the on duty supervisor or OIC feels should be documented in the form of an INVESTIGATION report.

REPORT GUIDELINES

Regardless of whether the collision occurred on a public roadway / highway, or on private property, a REPORT shall be taken in the following cases:

1. VISIBLE INJURIES - other than FATAL/SEVERE that were sustained as a result of the collision.
2. DUI - if any of the drivers involved are found to be under the influence of Alcohol or drugs per the definition in the Vehicle Code.
3. HIT-AND-RUN - an involved party has not fulfilled the requirements pursuant to CVC Section 20002, on or off the highway, and SUFFICIENT INFORMATION is available to identify the hit-and-run driver through follow-up. For example:

(a) A witness to the collision records the license plate number of the hit-and-run vehicle and can identify the driver.
(b) Witnesses can provide a description of the hit-and-run vehicle and driver, and sufficient physical evidence (vehicle parts, personal property, etc.) is available for later identification of the vehicle and driver at the time of the collision.

4. **14601 / 12500 VC** - when a driver involved in the collision is either unlicensed or determined to have a suspended / revoked license. (14601 VC / 12500 VC)

5. **PROSECUTION DESIRED** - The collision is the result of an identifiable violation and prosecution will be sought. To support the prosecution, statements, collection of evidence, and a detailed analysis of the collision is required to prove the section violated.

6. **SUPERVISOR DISCRETION** - any collision which the on duty supervisor or OIC feels should be documented in the form of a REPORT.

**ACCIDENT DOCUMENTATION FORM (CHP 555-03) GUIDELINES**

This is the appropriate level of documentation for all collisions that do not meet the criteria for an INVESTIGATION or a REPORT. Examples include: Property Damage Only, Complaint of Pain, 20002 without SUFFICIENT INFORMATION to identify a suspect. A case # is to be assigned for this form.

**501.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES, DOCUMENTATION TABLE**
501.5  NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

REQUIRED RESPONSE - Officers shall respond in a timely manner to all collisions that meet the requirements for a REPORT or INVESTIGATION. Officers shall also respond to collisions in which one or more of the vehicles is blocking a roadway or there is a traffic hazard.

RESPONSE AS AVAILABLE - In regards to collisions other than described above, the following guidelines apply:

PRIVATE PROPERTY COLLISIONS: In general, Officers will not respond to private property collisions unless there are circumstances that would warrant Police presence. Involved parties should be advised by dispatch that they may complete a CHP 555-03 form at the Nevada City Police Department and file the form with the records division. (Examples of situations that may warrant police presence are the possibility of an altercation occurring between parties, the refusal of one of the involved parties to provide required information, the need to determine if an involved party is under the influence of drugs/alcohol, etc.)

PUBLIC ROADWAY / HIGHWAY: Officers should respond if available in order to assist with the completion of the CHP 555-03 form, to facilitate towing, and to offer general guidance to the involved parties. If an Officer is not available, the CHP 555-03 form can be completed at a later time and filed with the records division at the Nevada City Police Department.

501.6  COLLISIONS INVOLVING CITY VEHICLES OR EMPLOYEES

TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Traffic Collision Reporting

When a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results, a REPORT shall be taken. In cases of a SEVERE INJURY or FATALITY, an INVESTIGATION report shall be taken. Whenever there is damage to a City vehicle, a City Vehicle Damage Report shall be completed and forwarded to the appropriate Department.

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Nevada City Police Department resulting in a SEVERE INJURY or FATALITY, the Sergeant or the Shift Supervisor may notify the California Highway Patrol and request assistance with the collision investigation.

TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Sergeant or on-duty Shift Supervisor may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a SEVERE INJURY or FATALITY has occurred.
Vehicle Safety Review Board

502.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a Vehicle Safety Review Board to investigate all vehicle accidents and reports of improper driving by police employees while operating City owned vehicles.

502.1.1 INVESTIGATION
The Vehicle Safety Review Board investigation into accidents or reports of improper driving by police employees will include, but is not limited to, the following information:

(a) Activity at the time of accident or complaint

(b) Cause of accident

(c) Could accident or complaint have been avoided?

(d) Reason for complaint of improper driving.

(e) Interview with the employee involved with emphasis on alternatives, training, or other measures designed to eliminate or reduce accidents and complaints of improper driving.

(f) A complete investigation report submitted to the Police Chief on all accidents and complaints of improper driving.

502.1.2 VEHICLE SAFETY REVIEW BOARD
The Vehicle Safety Review Board will consist of two or three persons designated by the Chief of Police. All questions directed toward the interviewed employee shall be asked by and through no more than two interviewers at one time.

These persons will be responsible for the investigation of accidents and complaints of improper driving.
Vehicle Towing and Release

502.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Nevada City Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Nevada City. The officer will then store the vehicle using a CHP Form 180.

502.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:
Vehicle Towing and Release

• Traffic-related warrant arrest.
• Situations where the vehicle was not used to further the offense for which the driver was arrested.
• Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
• Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

502.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.6 DISPATCHER’S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

502.2.7 RECORDS SECTION RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).
Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.

(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.

(c) The authority and purpose for the removal of the vehicle.

(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES
The City of Nevada City periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.
If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

### 502.6 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver’s license or acquires a license and provides proof of proper insurance.
4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Nevada City Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Patrol Division will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

   1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department’s expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Lieutenant. The hearing officer will recommend to the appropriate Lieutenant that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

504.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY
The Nevada City Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Patrol Division will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.

(b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).

(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.

(d) Information about any audio and/or video recording of the individual's driving or subsequent actions.

(e) The location and time frame of the individual's vehicle operation and how this was determined.

(f) Any prior related convictions in California or another jurisdiction.

504.4 FIELD TESTS
The Patrol Division should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

504.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
Impaired Driving

(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS
Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.5.2 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.5.3 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.5.4 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is
incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

504.5.5 BREATH SAMPLES
The Patrol Division should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Division.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(a)(2)(C)).

504.5.6 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.
Impaired Driving

504.5.7 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

(a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio- and/or video-record the admonishment when it is practicable.
(c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.3 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
Impaired Driving

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
   1. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
   1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
   2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
   3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

504.7.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.
504.7.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).

(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

504.8 RECORDS SECTION RESPONSIBILITIES
The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

504.8 ADMINISTRATIVE HEARINGS
The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.9 TRAINING
The Training Manager should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney’s office and update training topics as needed.
Traffic Citations

505.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES
The Patrol Division shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

505.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Manager may request the Field Operations Lieutenant to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Field Operations Lieutenant for review.

505.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Bureau.

505.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Traffic Bureau. The Traffic Bureau shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.
505.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Section.

505.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

505.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

(a) Administrative reviews are conducted by the Traffic Bureau who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the Nevada City Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

505.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).
Traffic Citations

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

505.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).

(c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

505.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

506.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
72-Hour Parking Violations

507.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Nevada City City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

507.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Nevada City 72-Hour Parking Ordinance shall be marked and noted on the Nevada City Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 MARKED VEHICLE FILE
The Traffic Bureau shall be responsible for maintaining a file for all Marked Vehicle Cards.

Parking control officers assigned to the Traffic Bureau shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

507.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the Records Section to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals
having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.1 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY
The INVEST Lieutenant is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:
   1. The purposes for which using cellular communications interception technology and collecting information is authorized.
   2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
   3. Training requirements necessary for those authorized employees.
   4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
   5. Process and time period system audits.
   6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
   7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
   8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.

600.2 POLICY
It is the policy of the Nevada City Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.
600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.6 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the Miranda warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.6.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Unit supervisor. Copies of
recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.6.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
(g) The questions are part of a routine processing or booking, and are not an interrogation.
(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.7 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:
Investigation and Prosecution

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that
the person who committed the crime can be identified, and the incident has been
documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most
appropriate disposition.

1. In these cases, the investigator shall document that the person was warned and
why prosecution was not sought.

2. Warnings shall not be given for felony offenses or other offenses identified in this
policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been
filed. Further investigation is not reasonable nor has the prosecutor requested further
investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed,
and further investigation is not reasonable, warranted or requested, and there is no
need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation
is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault
Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may
also require an arrest or submittal of a case to a prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other
digital devices may require specialized handling to preserve the value of the related evidence. If
it is anticipated that computers or similar equipment will be seized, officers should request that
computer forensic examiners assist with seizing computers and related evidence. If a forensic
examiner is unavailable, officers should take reasonable steps to prepare for such seizure and
use the resources that are available.

600.9 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court
that charges on a pending case be amended or dismissed without the authorization of a Lieutenant
or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal
of charges shall be made to the prosecutor.

600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES
Use of social media and any other Internet source to access information for the purpose of criminal
investigation shall comply with applicable laws and policies regarding privacy, civil rights and
civil liberties. Information gathered via the Internet should only be accessed by members while
on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.9.1 ACCESS RESTRICTIONS
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.
Sexual Assault Investigations

601.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY
It is the policy of the Nevada City Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
(b) Conduct follow-up interviews and investigation.
(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
(e) Provide referrals to therapy services, victim advocates and support for the victim.
(f) Participate in or coordinate with SART.

601.6 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.6.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

(a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim’s choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.6.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related
response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

601.7 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.7.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680(d)).
Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.7.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.
Sexual Assault Investigations

601.7.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT
The Property and Evidence supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

601.8 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigation Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.9 CASE REVIEW
The Investigation Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.10 TRAINING
Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.
   5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).

(b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
2. SART.
3. Medical and legal aspects of sexual assault investigations.
4. Serial crimes investigations.
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
6. Techniques for communicating with victims to minimize trauma.

601.10 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.
Asset Forfeiture

602.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS
Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Nevada City Police Department seizes property for forfeiture or when the Nevada City Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

(a) Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):

1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.

2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.

3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.

4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
Asset Forfeiture

(b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.2 POLICY
The Nevada City Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

It is the policy of the Nevada City Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE
Property may be seized for forfeiture as provided in this policy.

602.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):

1. The property subject to forfeiture is legally seized incident to an arrest.

2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).
Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.
Asset Forfeiture

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.5 MAINTAINING SEIZED PROPERTY
The Property and Evidence Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

602.6 FORFEITURE REVIEWER
The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.

(b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

(d) Ensuring that property seized under state law is not referred or otherwise transferred to a federal agency seeking the property for federal forfeiture as prohibited by Health and Safety Code § 11471.2.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant
Asset Forfeiture

guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.

2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).

3. A space for the signature of the person from whom cash or property is being seized.

4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.

2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).

4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.

6. Any cash received is deposited with the fiscal agent.

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
Asset Forfeiture

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).

(l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).

(m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds $5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

602.7 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

602.7.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Nevada City Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

602.8 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner...
Asset Forfeiture

owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).
Informants

603.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Nevada City Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Nevada City Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY
The Nevada City Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.3.3 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
Informants

(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable (Penal Code § 701.5)
(d) The Chief of Police or the authorized designee

603.5 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Lieutenant, INVEST supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
(b) Criminal activity by informants shall not be condoned.
(c) Informants shall be told they are not acting as police officers, employees or agents of the Nevada City Police Department, and that they shall not represent themselves as such.
(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the INVEST supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the INVEST supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.
(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.5.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant
provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.7 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the INVEST. The INVEST supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Lieutenant, INVEST supervisor or their authorized designees.

The INVEST Lieutenant should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the INVEST supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.7.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
Informants

(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

603.9 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The INVEST supervisor will discuss the above factors with the Field Operations Lieutenant and recommend the type and level of payment subject to approval by the Chief of Police.

603.9.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a INVEST buy/expense fund.
   1. The INVEST supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
Informants

2. A written statement of the informant's involvement in the case shall be placed in the informant's file.

3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.

4. Authorization signatures from the Chief of Police and the City Manager are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.

1. The cash transfer form shall include the following:
   (a) Date
   (b) Payment amount
   (c) Nevada City Police Department case number
   (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.

2. The cash transfer form shall be signed by the informant.

3. The cash transfer form will be kept in the informant's file.

603.9.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

603.9.3 AUDIT OF PAYMENTS
The INVEST supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

604.1  PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1  DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2  POLICY
The Nevada City Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3  INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4  EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Investigation Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.
(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all of the individuals present during the identification procedure.
(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal
Eyewitness Identification

Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.6.1 OTHER SAFEGUARDS
Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

604.6 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 <B>DOCUMENTATION RELATED TO RECORDINGS</B>
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 <B>DOCUMENTATION RELATED TO BLIND ADMINISTRATION</B>
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.6 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.
Eyewitness Identification

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.
(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.
(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
(e) The person who is the subject of the show-up should not be shown to the same witness more than once.
(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
Brady Material Disclosure

605.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “Brady information”) to a prosecuting attorney.

605.1.1 DEFINITIONS
Definitions related to this policy include:

**Brady information** - Information known or possessed by the Nevada City Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY
The Nevada City Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Nevada City Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
605.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that Brady information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of Brady information in the officer’s personnel file.

(b) The prosecuting attorney should then be requested to file a Pitchess motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

605.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Unmanned Aerial System (UAS) Operations

606.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

606.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned Aerial System (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

606.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

606.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

606.4 PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.
Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.

Implementing a system for public notification of UAS deployment.

Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.

Developing a protocol for fully documenting all missions.

Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.

Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.

Facilitating law enforcement access to images and data captured by the UAS.

Recommending program enhancements, particularly regarding safety and information security.

Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.

606.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

606.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
Unmanned Aerial System (UAS) Operations

- To harass, intimidate or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

606.7 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Warrant Service

607.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY
It is the policy of the Nevada City Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH Warrants
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence...
to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION
An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.

(b) A clear explanation of the affiant’s training, experience and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE
The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the
designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE
Officer must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Nevada City Police Department are utilized appropriately. Any concerns regarding the requested use of Nevada City Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Nevada City Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Nevada City Police Department when assisting outside agencies or serving a warrant outside Nevada City Police Department jurisdiction.

607.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

607.12 TRAINING
The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations. Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY
It is the policy of the Nevada City Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR
The Chief of Police will designate a member of this department to be the operations director. The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION
Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:
(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
(b) Maps of the location.
(c) Diagrams of any property and the interior of any buildings that are involved.
(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 RISK ASSESSMENT REVIEW
Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS
If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
   1. (CRU)
   2. Additional personnel
   3. Outside agency assistance
   4. Special equipment
   5. Medical personnel
   6. Persons trained in negotiation
   7. Additional surveillance
Operations Planning and Deconfliction

8. Canines
9. Property and Evidence or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.
(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
(d) Coordinate the actual operation.

608.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN
The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:
(a) Operation goals, objectives and strategies.
(b) Operation location and people:
   1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
   2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,
Operations Planning and Deconfliction

- Availability of keys/door combinations, including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids.

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children.

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan.

(l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.
Operations Planning and Deconfliction

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants’ understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 CRU PARTICIPATION
If the operations director determines that CRU participation is appropriate, the director and the CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS
No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

608.10 OPERATIONS DEBRIEFING
High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.
608.11 TRAINING
The Training Manager should ensure officers and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENT PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Lieutenant, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.
Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee’s immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Lieutenant.
Personal Communication Devices

701.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY
The Nevada City Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)
No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).
701.4 DEPARTMENT-ISSUED PCD
Depending on a member’s assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause. Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD
Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.

(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

(f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

(g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Nevada City Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.
Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD
The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:
Personal Communication Devices

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE
Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.
Vehicle Maintenance

702.1 PURPOSE AND SCOPE
Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

702.2 DEFECTIVE VEHICLES
When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

702.2.1 DAMAGE OR POOR PERFORMANCE
Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.2.2 SEVERE USE
Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer’s parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS
All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT
Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

702.3.1 PATROL VEHICLES
Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is present in the vehicle:

- 20 Emergency road flares
- 2 Sticks yellow crayon or chalk
- 1 Roll Crime Scene Barricade Tape
- 1 First aid kit, CPR mask
- 1 Blanket
- 1 Blood-borne pathogen kit, Incl. protective gloves
Vehicle Maintenance

- 1 Sharps container
- 1 Hazardous waste disposal bag
- 1 Traffic Safety Vest
- 1 Hazardous Materials Emergency Response Handbook
- 1 Evidence collection kit
- 1 Camera

702.4 VEHICLE REFUELING
Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Vehicles shall only be refueled at the authorized location.

702.5 WASHING OF VEHICLES
All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Officers in patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

702.6 NON-SWORN EMPLOYEE USE
Non-sworn employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Non-sworn employees shall also prominently display the “out of service” placards or lightbar covers at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.
Vehicle Use

703.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Nevada City to provide assigned take-home vehicles.

703.2 POLICY
The Nevada City Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES
Personnel assigned to routine scheduled field duties shall log onto the in-car computer inputting the required information when going on duty. If the vehicle is not equipped with a working in-car computer, they shall notify Dispatch for entry of the vehicle number on the shift roster. If the employee exchanges vehicles during the shift, the new vehicle number shall be entered.

The Watch Commander shall ensure a copy of the shift assignment roster indicating member assignments and vehicle numbers is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented per the above procedure.

Employees shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

703.3.2 OTHER USE OF VEHICLES
Personnel utilizing a vehicle for any purpose other than their normally assigned duties shall first notify the Shift Sergeant of the reasons for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to personnel permanently assigned an individual vehicle (e.g., command staff, detectives), or to personnel assigned transportation duties to and from the maintenance yard, etc.
Vehicle Use

703.3.3 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member’s chain of command.

703.3.6 AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

703.3.7 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.
Vehicle Use

703.3.8 PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.3.9 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

703.3.10 NON-SWORN MEMBER USE
Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES
Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member’s duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.4.2 UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

(a) The circumstances are unplanned and were created by the needs of the department.
(b) Other reasonable transportation options are not available.
(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Nevada City City limits.
(d) Off-street parking will be available at the member’s residence.
(e) Vehicles will be locked when not attended.
(f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

703.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Residence in the City of Nevada City is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Nevada City may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Lieutenant gives authorization.

(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Vehicles will not be used when off-duty except:

1. In circumstances when a member has been placed on call by the Chief of Police or Lieutenants and there is a high probability that the member will be called back to duty.

2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or travelling to or from a work-related activity or function.

3. When the member has received permission from the Chief of Police or Lieutenants.

4. When the vehicle is being used by the Chief of Police, Lieutenants or members who are in on-call administrative positions.

5. When the vehicle is being used by on-call investigators.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
(f) Unattended vehicles are to be locked and secured at all times.
   1. No key should be left in the vehicle except when it is necessary that the vehicle
      be left running (e.g., continued activation of emergency lights, canine safety,
      equipment charging).
   2. All weapons shall be secured while the vehicle is unattended.
   3. All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior
    arrangements have been made with the Chief of Police or the authorized designee.
    If the vehicle is not secured inside a locked garage, all firearms and kinetic impact
    weapons shall be removed and properly secured in the residence (see the Firearms
    Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department
    facility, at the discretion of the Department when a member will be away (e.g., on
    vacation) for periods exceeding one week.
    1. If the vehicle remains at the residence of the member, the Department shall have
       access to the vehicle.
    2. If the member is unable to provide access to the vehicle, it shall be parked at
       the Department.

(i) The member is responsible for the care and maintenance of the vehicle.

703.4.4 ENFORCEMENT ACTIONS
When driving a take-home vehicle to and from work outside of the jurisdiction of the Nevada City
Police Department or while off-duty, an officer shall not initiate enforcement actions except in
those circumstances where a potential threat to life or serious property damage exists (see the
Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry
their department-issued identification. Officers should also ensure that department radio
communication capabilities are maintained to the extent feasible.

703.4.5 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of
their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department.
Failure to adhere to these requirements may result in discipline and loss of vehicle assignment.
The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/
    maintenance requirements and damage.

(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained
    according to the established service and maintenance schedule.
(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

(d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.

(e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.

(f) All weapons shall be removed from any vehicle left for maintenance.

(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

### 703.5 UNMARKED VEHICLES

Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also record the use with the Watch Commander on the shift assignment roster.

### 703.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

### 703.7 TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempted from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

(a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Lieutenant within five working days explaining the circumstances.
703.7 ATTIRE AND APPEARANCE
When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.
Personal Protective Equipment

704.1 PURPOSE AND SCOPE
This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

704.1.1 DEFINITIONS
Definitions related to this policy include:

**Personal protective equipment (PPE)** - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

**Respiratory PPE** - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

704.2 POLICY
The Nevada City Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

704.3 OFFICER RESPONSIBILITIES
Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

704.4 HEARING PROTECTION
Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

704.5 EYE PROTECTION
Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.
The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

704.6 HEAD AND BODY PROTECTION
Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

704.7 RESPIRATORY PROTECTION
The Administration Lieutenant is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

(a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
(b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
(c) Medical evaluations.
(d) PPE inventory control.
(e) PPE issuance and replacement.
(f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
(g) Regularly reviewing the PPE plan.
(h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

704.7.1 RESPIRATORY PROTECTION USE
Designated members may be issued respiratory PPE based on the member’s assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member’s degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (8 CCR 5144):
(a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

(b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

(c) The member needs to replace the respirator, filter, cartridge or canister.

704.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION
Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

(a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.

(b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.

(c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.

(d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

704.7.3 GAS MASK
Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

(b) They experience difficulty breathing due to filter loading.

(c) The cartridges or filters become wet.

(d) The expiration date on the cartridges or canisters has been reached.
704.7.4 SELF-CONTAINED BREATHING APPARATUS
Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

(a) Entering the hot zone of a hazardous materials incident.
(b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
(c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

704.7.5 RESPIRATOR FIT TESTING
No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

(a) At least once every 12 months.
(b) Whenever there are changes in the type of SCBA or facepiece used.
(c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

704.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE
No member shall be issued respiratory protection that forms a complete seal around the face until (8 CCR 5144):

(a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
(b) A physician or other licensed health care professional has reviewed the questionnaire.
(c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

704.8 RECORDS
The Training Manager is responsible for maintaining records of all:

(a) PPE training.
(b) Initial fit testing for respiratory protection equipment.
(c) Annual fit testing.
(d) Respirator medical evaluation questionnaires and any subsequent physical examination results.
1. These records shall be maintained in a separate confidential medical file. The records shall be maintained in accordance with the department records retention schedule and 8 CCR 5144.

704.9 TRAINING
Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (8 CCR 3380).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).
Chapter 8 - Support Services
Property and Evidence

800.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

800.2 DEFINITIONS
Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:
- Property obtained by the Department for safekeeping such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons))

Found property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

800.3 PROPERTY HANDLING
Any employee who first comes into possession of any property shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

800.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

(a) Complete the property form describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.

(b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.

(c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
(d) Place the case number in the upper right hand corner of the bag.

(e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.

(f) When the property is too large to be placed in a locker, the item may be retained in the supply room. Submit the completed property record into a numbered locker indicating the location of the property.

800.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property record. Paraphernalia as defined by Health and Safety Code § 11364 shall also be booked separately.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by two copies of the form for the Records Section and detectives. The remaining copy will be detached and submitted with the case report.

800.3.3 EXPLOSIVES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Property and Evidence Technician is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

800.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking.

(b) License plates found not to be stolen or connected with a known crime, should be released directly to the Property and Evidence Technician, or placed in the designated container for return to the Department of Motor Vehicles. No formal property booking process is required.

(c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the Property and Evidence Technician, or placed in the bicycle storage area until a Property and Evidence Technician can log the property.

(d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor. The Watch Commander shall be contacted for cash in excess of $1,000 for special handling procedures.
City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

800.3.5 RELINQUISHED FIREARMS
Individuals who relinquish firearms pursuant to the provisions of Penal Code § 29850 shall be issued a receipt that describes the firearm, the serial number or other identification of the firearm at the time of relinquishment (Penal Code § 29810).

Relinquished firearms shall be retained for 30 days, after which time they may be destroyed, retained, sold or otherwise transferred, unless (Penal Code § 29810):

(a) A certificate is issued by a judge of a court of record or the District Attorney stating the firearms shall be retained; or
(b) The convicted person provides written notice of an intent to appeal the conviction that necessitated the relinquishment; or
(c) The Automated Firearms System indicates that the firearm was reported lost or stolen.

1. In such event, the firearm shall be restored to the lawful owner as soon as it is no longer needed as evidence, the lawful owner has identified the weapon and provided proof of ownership, and the Department has complied with the requirements of Penal Code § 33850 et seq.

The Property and Evidence Technician shall ensure the Records Manager is notified of the relinquished firearm for purposes of updating the Automated Firearms System and the disposition of the firearm for purposes of notifying the California Department of Justice (DOJ) (See the Records Section Policy).

800.4 PACKAGING OF PROPERTY
Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs
(b) Firearms (ensure they are unloaded and booked separately from ammunition)
(c) Property with more than one known owner
(d) Paraphernalia as described in Health and Safety Code § 11364
(e) Fireworks
(f) Contraband

800.4.1 PACKAGING CONTAINER
Employees shall package all property, except narcotics and dangerous drugs in a suitable container available for its size. Knife boxes should be used to package knives, and syringe tubes should be used to package syringes and needles.

A property tag shall be securely attached to the outside of all items or group of items packaged together.
800.4.2 PACKAGING NARCOTICS
The officer seizing narcotics and dangerous drugs shall retain such property in his/her possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker, accompanied by two copies of the property record. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property tag shall be attached to the outside of the container. The chain of evidence shall be recorded on the back of this tag.

800.5 RECORDING OF PROPERTY
The Property and Evidence Technician receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored on the property control card.

A property number shall be obtained for each item or group of items. This number shall be recorded on the property tag and the property control card.

Any changes in the location of property held by the Nevada City Police Department shall be noted in the property logbook.

800.6 PROPERTY CONTROL
Each time the Property and Evidence Technician receives property or releases property to another person, he/she shall enter this information on the property control card. Officers desiring property for court shall contact the Property and Evidence Technician at least one day prior to the court day.

800.6.1 RESPONSIBILITY OF OTHER PERSONNEL
Every time property is released or received, an appropriate entry on the evidence package shall be completed to maintain the chain of evidence. No property or evidence is to be released without first receiving written authorization from a supervisor or detective.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the Property and Evidence Technician. This request may be filled out any time after booking of the property or evidence.

800.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.

The Property and Evidence Technician releasing the evidence must complete the required information on the property control card and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the officer will record
the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Section for filing with the case.

800.6.3 STATUS OF PROPERTY
Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to officers for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The Property and Evidence Technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property control card, indicating date, time, and the person who returned the property.

800.6.4 AUTHORITY TO RELEASE PROPERTY

The Lieutenant or his/her designee shall authorize the disposition or release of all evidence and property coming into the care and custody of the Department.

800.6.5 RELEASE OF PROPERTY
All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

A Property and Evidence Technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Section.
for filing with the case. If some items of property have not been released the property card will remain with the Property and Evidence. Upon release, the proper entry shall be documented in the Property Log.

Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Property and Evidence Supervisor should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and if so, the firearm should not be released to the person while the order is in effect.

The Department is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

800.6.6   DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

800.6.7   CONTROL OF NARCOTICS AND DANGEROUS DRUGS
The Investigation Unit will be responsible for the storage, control and destruction of all narcotics and dangerous drugs coming into the custody of this department, including paraphernalia as described in Health and Safety Code § 11364.

800.6.8   RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS
Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Property and Evidence Technician shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code § 6389(g); Penal Code § 33855).

800.6.9   RELEASE OF FIREARMS IN GUN VIOLENCE RESTRAINING ORDER MATTERS
Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a gun violence restraining order shall be returned to the restrained person upon the expiration of the order and in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

If the restrained person who owns the firearms or ammunition does not wish to have the firearm or ammunition returned, he/she is entitled to sell or transfer title to a licensed dealer, provided that
the firearms or ammunition are legal to own or possess and the restrained person has right to title of the firearms or ammunition (Penal Code § 18120).

If a person other than the restrained person claims title to the firearms or ammunition surrendered pursuant to Penal Code § 18120 and the Nevada City Police Department determines him/her to be the lawful owner, the firearms or ammunition shall be returned in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

Firearms and ammunition that are not claimed are subject to the requirements of Penal Code § 34000.

If the court orders a firearm returned, the firearm shall not be returned unless and until the person presents valid identification and written notification from the California Department of Justice (DOJ) which conforms to the provisions of Penal Code § 33865.

(b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the weapon is not retained as evidence, the Department shall make the weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ which conforms to the provisions of Penal Code § 33865.

(c) Unless the person contacts the Department to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed or retained as provided in Welfare and Institutions Code § 8102.

800.7 DISPOSITION OF PROPERTY

All property not held for evidence in a pending criminal investigation or proceeding, and held for six months or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The Property and Evidence Technician shall request a disposition or status on all property which has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective.

800.7.1 EXCEPTIONAL DISPOSITIONS

The following types of property shall be destroyed or disposed of in the manner, and at the time prescribed by law, unless a different disposition is ordered by a court of competent jurisdiction:

Such notice shall state the amount of money, the fund in which it is held and that the money will become the property of the agency on a designated date not less than 45 days and not more than 60 days after the first publication (Government Code § 50051).

If the money remains unclaimed as of the date designated in the published notice, the money will become the property of this department to fund official law enforcement operations. Money representing restitution collected on behalf of victims shall either be deposited into the Restitution Fund or used for purposes of victim services.

Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 180 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the INVEST Division supervisor.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Chief of Police and the head of the applicable prosecutor’s office.

Biological evidence or other crime scene evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations and shall be retained as required in Penal Code § 680. Even after expiration of an applicable statute of limitations, the INVEST Division supervisor should be consulted and the sexual assault victim shall be notified at least 60 days prior to the disposal (Penal Code § 680). Reasons for not analyzing biological evidence shall be documented in writing (Penal Code § 680.3).

Records Section

801.1 PURPOSE AND SCOPE
This policy establishes the guidelines for the operational functions of the Nevada City Police Department Records Section. The policy addresses department file access and internal requests for case reports.

801.1 FILE ACCESS AND SECURITY
The security of files in the Records Section must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Section, accessible only by authorized members of the Records Section. Access to case reports or files when Records Section staff is not available may be obtained through the Watch Commander.

The Records Section will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

801.1 ORIGINAL CASE REPORTS
Generally, original case reports shall not be removed from the Records Section. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Records Manager. All original case reports removed from the Records Section shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Section.

All original case reports to be removed from the Records Section shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Section. The photocopied report shall be shredded upon return of the original report to the file.

801.1 CONFIDENTIALITY
Records Section staff has access to information that may be confidential or sensitive in nature. Records Section staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Section procedure manual.

   1. Homicides.
   2. Cases involving department members or public officials.
   3. Any case where restricted access is prudent.

801.3.2 RECORDS SECTION
The responsibilities of the Records Section include but are not limited to:

(a) Maintaining a records management system for case reports.
   (a) The records management system should include a process for numbering, identifying, tracking, and retrieving case reports.
(b) Entering case report information into the records management system.
   1. Modification of case reports shall only be made when authorized by a supervisor.
(c) Providing members of the Department with access to case reports when needed for investigation or court proceedings.
(d) Maintaining compliance with federal, state, and local regulations regarding reporting requirements of crime statistics. This includes reporting statistical data to the California Department of Justice (DOJ) for:
   1. All officer-involved shootings and incidents involving use of force resulting in serious bodily injury (Government Code § 12525.2).

(b) Classifying reports by type of incident or crime.

(c) Tracking reports through the approval process.

(d) Assigning alpha-numerical records to all arrest records.

(e) Managing a warrant and wanted persons file.

801.8 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Field Operations Lieutenant should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(a) The individual is issued a certificate describing the action as a detention.

(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

(c) The California DOJ is notified.
801.11 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by officers of the Nevada City Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Investigation Unit Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Investigation Unit Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the Department’s decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.
Restoration of Firearm Serial Numbers

802.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

802.2 PROCEDURE
Any firearm coming into the possession of the Nevada City Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

802.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

802.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
802.2.3 OFFICER RESPONSIBILITY
The Property and Evidence Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

802.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

802.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property and Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

802.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.
Records Maintenance and Release

803.1 PURPOSE AND SCOPE
This policy provides guidance on the maintenance and release of department records. Protected information is separately covered in the Protected Information Policy.

803.2 POLICY

803.3 CUSTODIAN OF RECORDS RESPONSIBILITIES
The Chief of Police shall designate a Custodian of Records. The responsibilities of the Custodian of Records include but are not limited to:

(a) Managing the records management system for the Department, including the retention, archiving, release, and destruction of department public records.

(b) Maintaining and updating the department records retention schedule including:
   1. Identifying the minimum length of time the Department must keep records.
   2. Identifying the department division responsible for the original record.

(c) Establishing rules regarding the inspection and copying of department public records as reasonably necessary for the protection of such records (Government Code § 6253).

(d) Identifying records or portions of records that are confidential under state or federal law and not open for inspection or copying.

(e) Establishing rules regarding the processing of subpoenas for the production of records.

(f) Ensuring a current schedule of fees for public records as allowed by law is available (Government Code § 6253).

(g) Determining how the department's website may be used to post public records in accordance with Government Code § 6253.

(h) Ensuring that all department current standards, policies, practices, operating procedures, and education and training materials are posted on the department website in accordance with Penal Code § 13650.

(i) Ensuring that public records posted on the Department website meet the requirements of Government Code § 6253.10 including but not limited to posting in an open format where a record may be retrieved, downloaded, indexed, and searched by a commonly used internet search application.

(j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the Department’s website.
803.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

803.4.1 REQUESTS FOR RECORDS
Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The Department is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for
the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

803.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

Information connected with juvenile court proceedings or the detention or custody of a juvenile. Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 831).

803.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

803.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

803.8 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Manager shall ensure that the required notations on local summary criminal history information and police investigative
reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

803.9 SECURITY BREACHES
The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual’s financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

803.9.1 FORM OF NOTICE
(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Nevada City Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.

6. A general description of the security breach.

7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Nevada City Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Nevada City Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

803.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:

   (a) Email notice when the Department has an email address for the subject person.

   (b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

803.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Admin Lieutenant supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

803.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

803.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the
disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

803.10.3 REDACTION
If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

803.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.
(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Protected Information

804.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Nevada City Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

804.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Nevada City Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

804.2 POLICY
Members of the Nevada City Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

804.3 RESPONSIBILITIES
The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
804.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Nevada City Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

804.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

804.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

804.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).
Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

804.6 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).

804.7 SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

804.7.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

804.8 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.
Computers and Digital Evidence

805.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

805.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
Computers and Digital Evidence

4. If it can be determined, how it was being used.

   (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

805.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

805.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer’s hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

   (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

   (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

   (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

   (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

805.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD’s, DVD’s, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

   (a) If the media has a write-protection tab or switch, it should be activated.

   (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence to copy the contents to an appropriate form of storage media.

   (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

805.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

805.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

805.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

805.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence as soon as possible for submission into evidence.

(b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.

Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.

Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

805.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

Files should not be opened or reviewed prior to downloading and storage.

Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

805.5.4 PRESERVATION OF DIGITAL EVIDENCE

Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Control

806.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals. Primary Animal Control responsibilities are contractually handled by Grass Valley Animal Control Services. In their absence or unavailability NCPD Officers will be responsible to respond and handle animal related calls according to this policy.

806.1 POLICY
It is the policy of the Nevada City Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

806.2 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

(a) An investigation should be conducted on all reports of animal cruelty.

(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

806.2 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

806.4 ANIMAL CONTROL RESPONSIBILITIES
Animal control services are generally the primary responsibility of Animal Control and include:

(a) Animal-related matters during periods when Animal Control is available.

(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.

(c) Follow-up on animal-related calls, such as locating owners of injured animals.

806.5 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.
Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.

(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.

(c) An animal is creating a traffic hazard.

(d) An animal is seriously injured.

(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.

3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

806.5.1 ANIMAL CRUELTY COMPLAINTS

Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. The assistance of an animal control officer may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animal(s) associated with the case.

806.5.2 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued if appropriate. If a dog is taken into custody, it shall be transported to the Animal Shelter (9am-4pm) or to the holding pens, making sure the animal has food, water, and bedding.

The animal pick-up form must be completely filled out and placed in the ACO’s box. Release of impounded dogs requires a fee be paid. Releases will be handled by the ACO or, in his/her absence, by a patrol officer. The Records Section will accept fees and issue receipts.

The ACO will transport any animals in the holding pens to the Animal Shelter as soon as he/she comes on duty. Once a dog has been taken into custody, all releases should be handled by the Animal Shelter. In cases where the ACO is not available, the Watch Commander shall designate an alternate to transport so that any animals are not held in the holding pens unnecessarily for extended periods.
806.5.3 ANIMAL BITE REPORTS
Officers shall obtain as much information as possible for forwarding to the ACO for follow-up. Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

806.5.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Officers shall obtain and forward to the ACO as much information as possible regarding the nature of the complaint, complaining person, owner information (if possible), location of problem, etc. Officers will also document any actions taken, citation(s) issued, related report numbers, etc.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the ACO may be called to duty to handle. If the ACO is unavailable, the patrol supervisor may request the assistance of an animal control officer from an allied agency.

All requests to call in the ACO must be approved by a field supervisor or the Watch Commander.

806.9 STRAY DOGS
If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate animal care facility.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

806.10 CITATIONS
It should be at the discretion of the handling officer or the Field Supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

806.11 POST-ARREST PROCEDURES
The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

806.11 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander or officer in chargewill be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.
Animal Control

806.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

806.12 DESTRUCTION OF ANIMALS
When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

806.17 DECEASED ANIMALS
When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.
Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.
Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.
When handling deceased animals, members should attempt to identify and notify the owner of the final disposition of the animal.

806.18 INJURED ANIMALS
When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

806.18.1 VETERINARY CARE
The injured animal should be taken to a veterinarian as follows:
(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.
(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.
(c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.
If Animal Control is not available, the information will be forwarded for follow-up.

806.18.2 INJURED WILDLIFE
Injured wildlife should be referred to the Department of Fish and Wildlife.
806.18.3 RESCUE OF ANIMALS IN VEHICLES

Chapter 9 - Custody
Custodial Searches

900.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Nevada City Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS
Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 FIELD AND TRANSPORTATION SEARCHES

When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or in such circumstances the officer reasonably believes that the individual may present a threat to officer safety, that officer may conduct a normal pat-down search of the individual. (Refer to Policy 420)

Prior to detaining any individual in any police vehicle, an officer should conduct a normal pat-down search of that individual.
Custodial Searches

Officers should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

900.4 SEARCHES AT POLICE FACILITIES
Custody searches shall be conducted on all individuals in custody, upon entry to the Nevada City Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Nevada City Police Department identification number and information regarding how and when the property may be released.

900.4.2 VERIFICATION OF MONEY
All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.
Custodial Searches

900.5 STRIP SEARCHES
No individual in temporary custody at any Nevada City Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
   1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual’s genital status. If the individual’s genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

900.5.1 STRIP SEARCH PROCEDURES

(d) Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.

10. The facts upon which the member based his/her belief that the individual was concealing a weapon or contraband.

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

(i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual's authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual's authorized representative.

900.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Watch Commander authorization and only in exceptional circumstances, such as when:

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

**900.6 PHYSICAL BODY CAVITY SEARCH**

Physical body cavity searches shall be subject to the following (Penal Code § 4030):

(a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search.

(c) Except for the physician or licensed medical personnel conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:

1. The facts that led to the decision to perform a physical body cavity search of the individual.
2. The reasons less intrusive methods of searching were not used or were insufficient.
3. The Watch Commander’s approval.
4. A copy of the search warrant.

The Department does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

1000.3 SELECTION PROCESS
The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation, and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

(a) A comprehensive application for employment (including previous employment, references, current and prior addresses, education, military record)
(b) Driving record
(c) Reference checks
(d) Employment eligibility, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1. This required documentation should not be requested until a candidate is hired. This does not prohibit obtaining documents required for other purposes.
(e) Information obtained from public internet sites
(f) Financial history consistent with the Fair Credit Reporting Act (FCRA) (15 USC § 1681 et seq.)
(g) Local, state, and federal criminal history record checks

(j) Review board or selection committee assessment

1000.3.1 VETERAN’S PREFERENCE
Qualifying veterans of the United States Armed Forces who receive a passing score on an entrance examination shall be ranked in the top rank of any resulting eligibility list. The veteran’s preference shall also apply to a widow or widower of a veteran or a spouse of a 100 percent disabled veteran (Government Code § 18973.1).

1000.4 BACKGROUND INVESTIGATION
Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of the candidate’s unsuitability to perform duties relevant to the operation of the Nevada City Police Department (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

1000.4.1 BACKGROUND INVESTIGATION UPDATE
A background investigation update may, at the discretion of the Chief of Police, be conducted in lieu of a complete new background investigation on a peace officer candidate who is reappointed within 180 days of voluntary separation from the Nevada City Police Department, or who is an interim police chief meeting the requirements contained in 11 CCR 1953(f).

1000.4.2 NOTICES

1000.4.4 DOCUMENTING AND REPORTING
The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).
1000.4.5 REVIEW OF SOCIAL MEDIA SITES
Due to the potential for accessing unsubstantiated, private, or protected information, the Administration Lieutenant shall not require candidates to provide passwords, account information, or access to password-protected social media accounts (Labor Code § 980). Nothing in this section prevents a candidate from voluntarily reviewing any social media accounts with a background investigator.

The Administration Lieutenant should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, internet-based searches, and/or review information from social media sites to ensure that:

(a) The legal rights of candidates are protected.
(b) Material and information to be considered are verified, accurate, and validated.
(c) The Department fully complies with applicable privacy protections and local, state, and federal law.

Regardless of whether a third party is used, the Administration Lieutenant should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.4.6 RECORDS RETENTION
The background report and all supporting documentation shall be maintained for a minimum of two years and in accordance with the established records retention schedule (Government Code § 12946; 11 CCR 1953).

All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position’s essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Finance and Administration Department should maintain validated standards for all positions.

(a) Appraising performance during probation.
(b) Assessing the level of performance required to complete probation.
(c) Extending probation.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE
The Department’s employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY
The Nevada City Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee’s position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1001.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee’s immediate supervisor. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee’s job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.
Evaluation of Employees

1001.3.1 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy.

1001.4 FULL TIME PROBATIONARY PERSONNEL
Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period.

1001.5 EVALUATION INTERVIEW
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

1001.6 EVALUATION REVIEW
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater’s supervisor (Lieutenant). The Lieutenant shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Lieutenant shall evaluate the supervisor on the quality of ratings given.

1001.7 EVALUATION DISTRIBUTION
The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to City Finance and Administration Department.

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager’s office to monitor the grievance process.

1002.5 GRIEVANCE AUDITS
The Training Manager shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Training Manager shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Training Manager should promptly notify the Chief of Police.
Anti-Retaliation

1003.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1003.2 POLICY
The Nevada City Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1003.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Administrative Services Manager.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1003.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
1003.6 COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation. Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
(d) The timely communication of the outcome to the complainant.

1003.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.
(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Admin Lieutenant for investigation pursuant to the Personnel Complaints Policy.

1003.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).
1003.8 RECORDS RETENTION AND RELEASE
The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1003.9 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1004.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1004.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1004.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Drug- and Alcohol-Free Workplace

1005.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1005.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1005.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Finance and Administration Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1005.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1006.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1006.2 POLICY
It is the policy of the Nevada City Police Department to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION
All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
1006.4 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1006.5 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Finance and Administration Department as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:
   1. Negatively affected the member’s performance or ability to complete assigned duties.
   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.

1006.6 REQUIRED NOTICES
The Administrative Services Manager shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.
Communicable Diseases

1007.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Nevada City Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1007.2 POLICY
The Nevada City Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.4 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

2. Bloodborne pathogen mandates including (8 CCR 5193):
Communicable Diseases

(a) Sharps injury log.
(b) Needleless systems and sharps injury protection.

3. Airborne transmissible disease mandates including (8 CCR 5199):
   (a) Engineering and work practice controls related to airborne transmissible diseases.
   (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.

6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).

(f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1007.6 EXPOSURE PREVENTION AND MITIGATION

1007.6.1 GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
Communicable Diseases

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1007.6.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1007.7 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1007.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

1007.8 POST EXPOSURE

1007.8.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:
Communicable Diseases

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

1007.8.1 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

(a) Name and Social Security number of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1007.8.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1007.8.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).
1007.8.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.
Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Nevada City Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY
The Nevada City Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in certain circumstances as outlined below.

1008.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Nevada City Police Department.

It is each members responsibility to ensure that citizens, visitors, suspects and detainees do not smoke or use tobacco products while inside the police department, City Hall or any police vehicle.

1008.4 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1008.4.1 NOTICE
The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).
Personnel Complaints

1009.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Nevada City Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.1 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Nevada City Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1009.2 POLICY
The Nevada City Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1009.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be
considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1009.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Admin Lieutenant, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Admin Lieutenant, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1009.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1009.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1009.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1009.4.1 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall
Personnel Complaints

obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate. Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary. A complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

1009.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1009.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible. All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1009.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1009.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Lieutenant or the Chief of Police, who will initiate appropriate action.
Personnel Complaints

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and the Chief of Police are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Finance and Administration Department and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:
   1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
   2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1009.6.1 ADMINISTRATIVE INVESTIGATION FORMAT
Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.
Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1009.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES
Whether conducted by a supervisor or a member of the Admin Lieutenant, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Nevada City Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member’s personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order
Personnel Complaints

to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1009.6.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1009.6.5 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

**Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

**Sustained** - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.
1009.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1009.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member’s presence, with the member’s consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1009.7.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1009.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1009.11 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.
1009.11.1 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Lieutenant of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Lieutenant may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Lieutenant may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Lieutenant shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1009.11.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Lieutenant for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.
Personnel Complaints

1009.11.3 NOTICE REQUIREMENTS
The disposition of any civilian’s complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1009.11.4 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1009.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1009.12 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

1009.13 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).
1009.14 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1009.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Seat Belts

1010.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1010.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1010.1 POLICY
It is the policy of the Nevada City Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1010.2 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1010.4 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.
1010.7  TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.7  VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1010.8  INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver’s position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.8  VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1011.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY
It is the policy of the Nevada City Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF BODY ARMOR
The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Nevada City Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.
(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.
1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer’s care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer’s recommended replacement schedule.

1011.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.
Personnel Records

1012.1 PURPOSE AND SCOPE
This policy governs maintenance and access to personnel records. Personnel records include any file maintained under an individual member's name.

1012.1 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS
Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Admin Lieutenant supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer’s action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department or oversight agency regarding:
Personnel Records

1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

1012.1.1 REDACTION
The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
(b) Information that would compromise the anonymity of complainants and witnesses
(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force
(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1012.1.2 NOTICE OF DELAY OF RECORDS
When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):
(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

   (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).

1012.1.3 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

   1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.

   2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges

   1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations
Personnel Records

1. Disclosure may be delayed until whichever occurs later:
   (a) There is a determination from the investigation whether the use of force
       violated law or department policy, but no longer than 180 days after the
       date of the department’s discovery of the use of force or allegation of use
       of force
   (b) Thirty days after the close of any criminal investigation related to the
       officer’s use of force

1012.2 POLICY
It is the policy of this department to maintain personnel records and preserve the confidentiality of
personnel records pursuant to the Constitution and the laws of California (Penal Code § 832.7).

1012.3 DEPARTMENT FILE
The department file shall be maintained as a record of a person’s employment/appointment with
this department. The department file should contain, at a minimum:

   (a) Personal data, including photographs, marital status, names of family members,
       educational and employment history, or similar information. A photograph of the
       member should be permanently retained.
   (b) Election of employee benefits.
   (c) Personnel action reports reflecting assignments, promotions, and other changes in
       employment/appointment status. These should be permanently retained.
   (d) Original performance evaluations. These should be permanently maintained.
   (e) Discipline records, including copies of sustained personnel complaints.
       1. Disciplinary action resulting from sustained internally initiated complaints or
          observation of misconduct shall be maintained pursuant to the established
          records retention schedule and at least two years (Government Code § 26202;
       2. Disciplinary action resulting from a sustained civilian’s complaint shall be
          maintained pursuant to the established records retention schedule and at least
          five years (Penal Code § 832.5).
   (f) Adverse comments such as supervisor notes or memos may be retained in the
       department file after the member has had the opportunity to read and initial the
       comment (Government Code § 3305).
       1. Once a member has had an opportunity to read and initial any adverse comment,
          the member shall be given the opportunity to respond in writing to the adverse
          comment within 30 days (Government Code § 3306).
       2. Any member response shall be attached to and retained with the original adverse
          comment (Government Code § 3306).
       3. If a member refuses to initial or sign an adverse comment, at least one supervisor
          should note the date and time of such refusal on the original comment and the
member should sign or initial the noted refusal. Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1012.4 DIVISION FILE

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

(a) During the preparation of each member’s performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member’s performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

Any employee suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.

1014.5 WORK RELATED CONDITIONS
Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Lieutenant, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.

(b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1014.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Finance and Administration Department to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.

(b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. Lactation Break Policy

1015.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee’s infant child (29 USC § 207 and Labor Code §§ 1030-1032).

1015.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207 and Labor Code § 1030).

1015.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1015.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
Lactation Break Policy

1015.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.
Outside Employment

1016.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1016.1.1 DEFINITIONS
Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1016.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee’s immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1016.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.
If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1016.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee’s performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1016.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department.

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient.
1016.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the department uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1016.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1016.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer’s law enforcement status.
Outside Employment

1016.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

1016.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1016.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1016.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:
Outside Employment

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Nevada City Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.
Occupational Disease and Work-Related Injury Reporting

1017.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, psychiatric injuries, and work-related injuries.

1017.1.1 DEFINITIONS
Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease or psychiatric injury arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1017.2 POLICY
The Nevada City Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers’ compensation requirements (Labor Code § 3200 et seq.).

1017.3 RESPONSIBILITIES

1017.3.1 MEMBER RESPONSIBILITIES
Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1017.3.1 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers’ compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1017.3.4 CHIEF OF POLICE RESPONSIBILITIES
The Chief of Police shall review and forward copies of the report to the Finance and Administration Department. Copies of the report and related documents retained by the Department shall be filed in the member’s confidential medical file.

1017.3.4 LIEUTENANT RESPONSIBILITIES
The Lieutenant who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report
shall then be forwarded to the Chief of Police, the City’s risk management entity, and the Administration Lieutenant to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

1017.4 OTHER DISEASE OR INJURY
Diseases and injuries caused or occurring on-duty that do not qualify for workers’ compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Lieutenant through the chain of command and a copy sent to the Administration Lieutenant.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1017.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1017.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member’s right to receive compensation is not affected.
Personal Appearance Standards

1018.1 PURPOSE AND SCOPE
In order to project uniformity and neutrality toward the public and other members of the department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this department and for their assignment.

1018.2 GROOMING STANDARDS
Unless otherwise stated and because deviations from these standards could present officer safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1018.2.1 HAIR
Hairstyles of all members shall be neat in appearance. For male sworn members, hair must not extend below the top edge of the uniform collar while assuming a normal stance.
For female sworn members, hair must be no longer than the horizontal level of the bottom of the uniform patch when the employee is standing erect, worn up or in a tightly wrapped braid or ponytail.

1018.2.3 FACIAL HAIR
Facial hair including mustaches and goatee style beards may be worn as long as they are neatly trimmed and maintained and do not interfere with the proper wearing of safety equipment such as a gas mask. Full beards and other facial hair is prohibited.

1018.2.4 FINGERNAILS
Fingernails extending beyond the tip of the finger can pose a safety hazard to officers or others. For this reason, fingernails shall be trimmed so that no point of the nail extends beyond the tip of the finger.

1018.2.5 JEWELRY AND ACCESSORIES
No jewelry or personal ornaments shall be worn by officers on any part of the uniform or equipment, except those authorized within this manual. Jewelry, if worn around the neck, shall not be visible above the shirt collar.

Earrings shall not be worn by uniformed sworn members, detectives or special assignment personnel without permission of the Chief of Police or his/her designee. Only one ring may be worn on each hand of the employee while on-duty.
1018.3 TATTOOS
While on-duty or representing the Department in any official capacity, every reasonable effort should be made to conceal tattoos or other body art. 1022.2 POLICY
Subject to operational considerations, the Nevada City Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Nevada City Police Department shall be created or maintained as a temporary modified-duty assignment.

Employee Speech, Expression and Social Networking

1023.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1023.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1023.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Nevada City Police Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1023.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Nevada City Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee’s family, or associates.
Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1023.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Nevada City Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Nevada City Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Nevada City Police Department or its employees. Examples may include:

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Nevada City Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1023.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Nevada City Police Department or identify themselves in any way that could be reasonably perceived as representing the Nevada City Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1023.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1023.6 CONSIDERATIONS

1023.7 TRAINING

Line-of-Duty Deaths

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Nevada City Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1024.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1024.2 POLICY
It is the policy of the Nevada City Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1024.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Watch Commander and Dispatch.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Operations Lieutenant section of this policy).

(b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
Line-of-Duty Deaths

(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1024.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Nevada City Police Department members may be apprised that survivor notifications are complete.

1024.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1024.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.
1024.6 LIAISONS AND COORDINATORS

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.

The Survivor Support Liaison should be selected by the deceased member's Lieutenant. The following should be considered when selecting the Survivor Support Liaison:
Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.
